WELCOME to the Administration for Native Americans (ANA) post award training. The goal of this training is to help you understand the federal requirements related to managing your new ANA project. Throughout this manual “tribes” refers to federally recognized and non-federally recognized tribes, while “organizations” denotes native non-profit organizations. Native Americans, as used in this manual, include American Indians, Alaska Natives, Native Hawaiians, Native Samoans, and the Native peoples of Guam and the Northern Mariana Islands.

GOOD LUCK on your ANA project and if you have any questions, do not hesitate to contact your ANA Program Specialist and regional training and technical assistance center.

BASICS OF MANAGING AN ANA GRANT

About ANA

HISTORY OF THE ADMINISTRATION FOR NATIVE AMERICANS (ANA)

Housed under the Administration for Children and Families (ACF) within the Department of Health and Human Services (HHS), ANA has its roots in a collection of ideals that were officially brought together in January 1964 when President Lyndon B. Johnson declared a “War on Poverty.” In his call to action, President Johnson asked communities to prepare “long-range plans for the attack on poverty.” Eight months later, the Economic Opportunity Act was signed into law, and shortly thereafter the Office of Economic Opportunity (OEO) began awarding grants. Early in the 1970s, the OEO was terminated.

However, in 1974, many of its “War on Poverty” concepts became the foundation for ANA. ANA was established in 1974 through the Native American Programs Act (NAPA). This new agency embraced the goal of Indian self-determination, which was endorsed by President Johnson in 1968 and later by President Nixon.

Today, ANA works to achieve its mission and goals and serves all Native Americans, including 574 federally recognized tribes, American Indian and Alaska Native organizations, Native Hawaiian organizations and native populations throughout the Pacific basin (including American Samoa, Guam, and the Commonwealth of the Northern Mariana Islands).

MISSION OF ANA

ANA promotes the goal of self-sufficiency for Native Americans by providing funding through competitive discretionary grants for community-based projects and for training and technical assistance to eligible tribes and native organizations. Those tribes and organizations represent nearly 4.3 million individuals. ANA’s vision is to see that Native communities are thriving!

ANA GOALS

The major goals of ANA are to:

1. Foster the development of stable, diversified local economies and economic activities that will provide jobs, promote economic well-being, and reduce dependency on public funds and social services.
2. Support local access to, control of, and coordination of services and

programs that safeguard the health and well-being of people and are essential to a thriving and self-sufficient community.

3. Increase the number of projects involving youth and intergenerational activities in Native American communities.

PHILOSOPHY OF ANA

ANA's philosophy of native self-sufficiency is based on the following core beliefs:

1. ANA believes a native community is self-sufficient when it can generate and control the resources necessary to meet its social and economic goals, and the needs of its members.
2. ANA believes the responsibility for achieving self-sufficiency resides with the native governing bodies and local leadership.
3. ANA believes progress toward self-sufficiency is based on efforts to plan and direct resources in a comprehensive manner consistent with long-range goals.

ANA STRUCTURE AND LEADERSHIP

ANA is organizationally comprised of three operational Divisions and management operations staff. The Division of Program Operations (DPO) is primarily responsible for the pre-award and post-award administration of discretionary grants to eligible Tribes and nonprofit Native American organizations. The Division of Program Evaluation and Planning (DPEP) is responsible for evaluations of recipient project effectiveness and impact. The Division of Policy (DoP) is responsible for providing support and guidance to define, establish, and disseminate policy affecting Native American communities, including, but not limited to current recipients. The Management Operations Staff provides administrative, budget, technical, and logistics support to ANA.

ANA COMMISSIONER

The ANA Commissioner, appointed by the President of the United States and confirmed by the United States Senate, provides executive leadership for ANA. The Commissioner makes award decisions, implements special initiatives, and provides overall policy guidance to ANA.

In addition, the Commissioner is the Deputy Assistant Secretary for Native American Affairs and the Chair of the Intra-Departmental Council on Native American Affairs (IDCNAA). The Council is composed of senior leadership

from major agencies within HHS and is the departmental focal point for all initiatives affecting Native American people. Under its charter, the IDCNAA coordinates and encourages the cooperation of the department's and other federal agencies' resources for Native American people. IDCNAA also develops and implements a meaningful policy on Native American affairs for the entire department and ensures that this policy will be applied consistently throughout the department and, where possible, throughout the federal government.

Roles and Responsibilities

The recipient, ANA, the ACF Office of Grants Management, and the Payment Management System have specific roles and responsibilities in the implementation and management of an ANA grant.

THE RECIPIENT

You

The grant is an agreement between the awarded tribe or organization and the federal government. You are responsible for implementing the approved project on time and within budget. The recipient must comply with all federal regulations, including requesting approval for changes as outlined in this manual, 45 CFR Part 75, the HHS Grants Policy Statement (GPS) (available at <http://www.acf.hhs.gov/grants-forms>) and by submitting correct reports on time.

ADMINISTRATION FOR NATIVE AMERICANS (ANA)

Program Specialist

The primary purpose of a Program Specialist is to help you accomplish your project on time, within budget, and within compliance of federal regulations. Each Program Specialist in the ANA Division of Program Operations has a portfolio of grants and is responsible for monitoring the programmatic activities and the financial elements that may impact the grant's programmatic activities. Some examples of when recipients should contact their Program Specialist are:

1. To discuss making programmatic changes to a project such as key personnel changes, budget modifications, carry over budgets, and no-

- cost extensions;
- 2. To request technical assistance;
- 3. With questions on ANA policies;
- 4. With questions about the semi-annual Ongoing progress reports (OPRs) and other reporting requirements; and
- 5. With questions regarding how to track and monitor the project's progress.

Impact Evaluators

The Native American Programs Act (NAPA) calls for ANA to assess the impact and effectiveness of ANA funding in native communities at least once every three years. To meet this mandate, impact evaluators in the ANA Division of Program Evaluation and Planning conduct impact visits. The purpose of the visit is to collect information on the overall impact and effectiveness of funded projects. The visit is a chance for recipients to share the benefits, best practices, and general challenges met during the life of the project. Specifically, the impact evaluators:

1. Assess the impact of ANA funding on native communities;
2. Increase ANA's knowledge about the recipients' successes and challenges and analyze data from the visits to improve ANA service delivery; and
3. Collect information from funded projects to increase transparency and collaboration by sharing the unique stories of ANA recipients with fellow native communities, Congress, and the American public.

Training and Technical Assistance Providers (TA Providers)

ANA provides free training and technical assistance to potential applicants and current recipients through contractors in each ANA geographic region. Separate TTA centers exist for each of the four regions: East, West, Alaska, and Pacific. A fifth TTA center has been established strictly to support Native Language Community Coordination projects, as well.

TA providers are experts in project management and development. They are knowledgeable of ANA policies and programs as well as other funding opportunities and partnerships. They can provide guidance electronically or at a recipient's site. TA providers conduct:

1. One-on-one assistance to recipients in the administration and implementation of an ANA funded project;

2. One-on-one assistance in preparing and submitting a grant application;
3. Training in project development, pre-application, and post award trainings.

OFFICE OF GRANTS MANAGEMENT (OGM)

OGM is an office within ACF that is responsible for awarding grants and monitoring the fiscal aspects of those grants. OGM provides guidance on the federal terms and conditions of awards, issues the Notice of Grant Award (NGA), approves all grant amendments, assists in the setting up of financial accounts to receive federal grant awards, and maintains the official grant file with the original copies of the applications, reports, and close-out information.

Grant Management Specialist

The Grants Management Specialist is responsible for overseeing and approving the financial management activities of the grant. Grants Management Specialists review the financial reports and work with the ANA Program Specialist on monitoring the ANA grant. Some examples of when recipients should contact their Grants Management Specialist are:

1. To discuss making budget modifications to a grant, such as a revision of the indirect cost rate or a carry over budget;
2. With questions regarding program income generation;
3. With questions about the financial report, the SF-425; and
4. With questions regarding the terms and conditions of award.

PAYMENT MANAGEMENT SYSTEM (PMS)

PMS is part of the Program Support Center for HHS and is responsible for all payment related activities from the time of award through the closeout of the ANA grant. PMS makes payments to recipients, manages cash flow, reports disbursement data to ANA and OGM, and coordinates the debt collection. PMS processes requests for payment and reviews the FFR-425 report to ensure the recipient does not have excess cash on hand.

Liaison Accountant

The Liaison Accountant is responsible for overseeing financial accounts for many grants. The Liaison assists recipients in resolving disbursement reporting as well as other PMS issues that recipients experience.

Please note that ANA does not have access or control over the Department of Payment Management (DPM) or the Payment Management System (PMS). If you experience any technical difficulties, you will need to reach out to your Liaison Accountant.

Planning and Organizing

FIGURE 1: PROJECT CYCLE

THE PROJECT CYCLE

A project is different from a grant. The project is the goal, objectives, and activities a community works on to meet a defined set of outputs (products and services) and outcomes (community level changes). While, the grant is the agreement between the recipient and the funding organization to fund the project. In other words, the project is the idea while the grant is the funding which makes that idea a reality. The process of planning and managing projects follows a logical, continuous cycle where each phase of the project leads to the next.

Recipients in the post award training have completed two steps of the project cycle, identify and design, and are now in the project implementation stage. Since project development is a continuous cycle, evaluating the

implementation of the project allows recipients to identify and design improved implementation strategies as well as potential future project ideas. Project evaluation is completed through monitoring practices that occur throughout all stages, allowing for small adjustments in the project's planning, design, and implementation to ensure success. There are certain monitoring activities the recipient must engage in to meet the funding requirements of the ANA grant, including submitting reports, documenting the match obligation, and tracking leveraged resources, partnerships, project specific indicators, and community support.

THE GRANT YEAR

During the project period, recipients will engage in project and administrative activities, including start-up activities, on-going activities, and close-out. The following pages provide an outline of activities that are common to most projects.

THE GRANT FILE

The grant file is a physical collection of important grant-related documentation. In the event that you hire new staff or experience staff turnover, maintaining a grant file will enable a smooth transition and ensure that everyone is aware of grant status and expectations. The following is detail on the list of recommended grant file content (with the exception of HR and employee documentation which should be kept separately).

1. Notice of Grant Award Documents

2. Current Notice of Award (NOA) and Previous NOAs (if applicable)

3. Project Documents

- a. Approved OWP
- b. Approved indicator
- c. Current 424a and budget
- d. Revised project application if applicable (for year 2, 3, 4 and 5, the revised continuation applications)
- e. Original project application (for year 2, 3, 4 and 5, the original continuation applications)
- f. Staff orientation letters

4. Reporting

- a. Ongoing Progress Report (OPR) (semi-annual)
- b. SF-425s (semi-annual and budget year end final)
- c. Year 2, 3, 4 and 5 reports, if applicable
- d. Recipients must submit Semi-annual reports to ANA and quarterly reports to PMS

5. Community Involvement Documentation

- a. Meeting sign-in sheets and meeting minutes
- b. Publicity/marketing materials
- c. Testimonials
- d. Other

6. Project Data Tracking

- a. Non-federal share documentation
- b. Leveraged resources tracking (recommended, but not required)
- c. Partnership tracking
- d. Project specific indicator tracking (Outcome Tracker)
- e. Photos
- f. Other tracking documents developed by the recipient

7. Correspondence between Recipient and ANA

What Is in the Grant File?

1. Notice of Grant Award Documents

The Notice of Grant Award (NGA) document is the official award document establishing the agreement between the recipient and the government and is used by HHS for discretionary financial assistance programs such as ANA. The NGA states the Federal award, Non-Federal Share obligation, and approved budget category amounts. No costs can be incurred prior to start of the project period and the receipt of the NGA unless prior approval has been granted by ACF/ANA. The purpose of the NGA document is to:

- Notify the recipient and others of the ANA grant award;
- Incorporate by reference all terms and conditions of the award; and
- Record the obligation of ANA funds.

When Does a Recipient Receive an NGA?

- An NGA is prepared and sent to the recipient with the NOA to signify the grant award has been made;
- A recipient will receive a new NGA when OGM issues approval for a change to the grant that requires prior approval, such as a key personnel change, budget modification, carry over budget, or no cost extension; and
- When a non-competing continuation is approved for multi-year grants.

The NGA includes key reference information for the recipient, including:

- Award number. The award number is the grant number the recipient should reference in all correspondence with ANA and include on the program and financial reports.
- Budget Period. The budget period is the timeframe expenses can be incurred for grant activities. ANA's budget period is 12 months.
- Project Period is the full duration of the project, from the project start to end date.
- Principal Investigator or Program Director. The individual designated to be the contact person to ANA on issues relating to the grant.
- Approved Budget. The federal and non-federal dollar amounts for the object class categories approved for the grant.
- Award Computation. The dollar amount for the non-federal share provided by the recipient and the federal dollar amounts provided by ANA for the grant expressed as a percentage. The recipient must ensure it meets the non-federal share requirement as cited on line

17A. This amount must be contributed even if it exceeds the minimal amount required by law, regulation, or other ACF provision. Failure to provide this amount of non-federal share will result in a proportionate reduction of the federal share or other disallowance action.

- Authorized Treatment of Program Income. This authorizes the use of program income generated as a result of grant activities.
- Remarks. States how the grant is paid, regulations incorporated by reference, and other requirements of the grant. Examples of remarks include a link to the HHS grants policy statement and a statement that initial expenditure of funds by the recipient constitutes acceptance of the award. The grant is paid through the HHS centralized Payment Management System by PMS.
- Award Terms and Conditions. These include both standard terms as well as special terms the government is requiring of the recipient.

2. Notice of Award (NOA)

The NOA is official government correspondence to the tribe or organization. The NOA is sent to the authorizing official and announces the award of funding for the proposed project. The NOA provides key reference information to the recipient:

Contact information for the ANA Program Specialist and the OGM Grants Management Specialist assigned to work with the recipient. Contact information includes the names, addresses, telephone numbers, email addresses, and fax numbers of the specialists;

- Terms and conditions for award; and
- Information on setting up a PMS account.

3. Project Documents

- Approved OWP. The approved OWP serves as a blueprint for project implementation and is an essential reference for reporting requirements. Progress on the project is reported semiannually in the OPR.
- Approved indicator. The approved indicator(s) are used to gauge progress in meeting the project goal.
- Current 424a and budget. The current 424a and budget must match the current NGAt
- Revised project application if applicable (for year 2, 3, 4 and 5, the

revised continuation applications). The revised project application and revised continuation application include the information submitted during negotiations with ANA and OGM.

- Original project application (for year 2, 3, 4 and 5, the original continuation applications). The original project application and continuation applications are what was initially submitted to ANA for funding consideration.
- **Staff orientation letters.** Staff orientation letters are a recipient's internal management tool to track project staff orientation to the project, the grant, and the post award manual. Recipients do not need to submit these letters to ANA.

The approved OWP serves as a blueprint for project implementation and is an essential reference for reporting requirements. Progress on the project is reported semiannually in the OPR. The approved indicator(s) are used to gauge progress in meeting the project goal. The current 424a and budget must match the current NGA. The revised project application and revised continuation application include the information submitted during negotiations with ANA and OGM. The original project application and continuation applications are what was initially submitted to ANA for funding consideration.

Staff orientation letters are a recipient's internal management tool to track project staff orientation to the project, the grant, and the post award manual. Recipients do not need to submit these letters to ANA.

4. Reporting

ANA requires reporting on grant functions throughout the project period. The following reports will be required each year of the project, regardless of length (from 12 months to 60 months and beyond). Recipients must submit Semi-annual reports to ANA and quarterly reports to PMS.

- Ongoing Progress Report (OPR). Submitted semi-annually, the OPR is the report that will document your project status and inform ANA of any successes or challenges the project has experienced.
- SF-425s. The SF-425 is comprised of various reports submitted through the PMS on a quarterly, semi-annual and year-end basis.

More detail is provided on all reporting mechanisms in later chapters of this manual.

5. Community Involvement Documentation

ANA seeks to fund community development projects that reflect the cultural values, collective vision, and long-range development goals of native communities. ANA supports this approach because community involvement in the project planning and project implementation phases is a key factor in achieving success. In addition, many funding agencies look favorably on applications that document community involvement in the planning and implementation of a project. Track community involvement through detailed

- Meeting sign-in sheets and meeting minutes
- Publicity/marketing materials
- Testimonials
- Other

These are good tools to demonstrate to funding organizations and the public the extent of community involvement in the project.

6. Project Data Tracking

Recipients should collect quantitative data (e.g., the number of partnerships formed, the dollar amount of resources leveraged, etc.) as well as qualitative data (e.g., collecting the anecdotes and viewpoints that tell the story of the project) during the course of the project period. ANA asks for this data through semiannual OPRs and during impact visits.

Templates for tracking this information can be found in the “Preparing for the Impact Visit” section of this manual.

It is recommended that you keep detailed records of:

- Non-federal share documentation
- Leveraged resources tracking (recommended, but not required)
- Partnership tracking
- Project specific indicator tracking (Outcome Tracker)
- Photos
- Other tracking documents developed by the recipient

7. Correspondence between Recipient and ANA

Official and unofficial correspondence between the recipient and ANA (such as the ANA Program Specialist monthly emails) should be included in the grant file for reference. ANA recommends the correspondence be organized

as follows: official correspondence under one tab; a phone log broken down by quarter under another tab; and emails and letters broken down by importance, including any requests for grant actions under the third tab.

DATA MANAGEMENT

Monitoring and evaluating your project is an important part of project implementation. Determining what, when who and how the information is to be collected should be a startup activity. There are several parts of the application that will help you determine what information needs to be collected. Start with the Outcome Tracker and Tracker Strategy, it will identify your indicator for successful objective implementation and what to use as a means of measurement. It also gives you the targets you are trying to reach each year to demonstrate progress on your project. The Approach narrative will tell you more about key activities and the implementation plan for your project. Finally, the objective work plan will provide the blueprint for project implementation. It is a snapshot of the project's milestone activities, assigned key personnel, and the outputs you expect to produce during the project period. It also established a timeline for completing those tasks to ensure the project is implemented within the project period. This information, combined with required reporting information, will give you a complete picture of how you document successful implementation of your project.

The chart on the next page gives you a method for developing your data collection plan. In addition, the USB2021 folder includes spreadsheets for each type of grant, with cells to fill in project specific data and reporting information that will necessarily be collected so that you can create a comprehensive data plan.

There are other data issues beyond the collection plan to consider before you begin collecting data:

DATA SECURITY Masking (securing) of participants is required. In addition to complying with 45 CFR Part 75.303 for personally identifiable information, consider how you will ensure that information provided to you throughout the project cannot be linked to specific individuals; i.e. masking or coding of participants. In addition, how will you control the storage of data; i.e. double locked system with only designated individuals having access to data.

OWNERSHIP OF DATA Who has ownership of the data? Does your organization or Tribe have codes or policies that detail who has ownership of the data and if so where the final data will be stored and who has access to it?

EXPANDED USE OF DATA Evaluate if the data you collect could be used by other departments or organizations to assist them in either identifying other

challenges in the community or ways to address challenges. If so identify who to share data with and what data can be shared.

RECIPIENT REPORTING

Upon receipt and acceptance of a grant award from ANA, the recipient is responsible for submitting reports to two separate divisions within HHS:

The Administration for Native Americans (ANA):

Quarterly Reports (due 30 days after end of reporting period):

- The Federal Financial Report/Federal Cash Transaction Report (FFR/FCTR)

Semi-Annual Reports (due 30 days after end of reporting period):

- The Performance Progress Report (OPR awarded 2020+) [also known as the Ongoing Progress Report (OPR) or semi-annual OPR report]
- The Federal Financial Report/Financial Status Report (FFR/FSR)

Annual Reporting:

- The end of year OPR, which includes additional questions on outcomes and impact.
- The annual FFR/FSR (which is in addition to the semi-annual report)
- Tangible Property Report (SF-428) [see note below]

Closeout Reporting:

- Second Semi-Annual OPR for the Final Project Year

The semi-annual OPR Report is due no later than 30 days after the end of the project period-10/30. The semi-annual report summarizes project

accomplishments during the last reporting period. This report is completed using the Online Data Collection System (OLDC) in GrantSolutions.

- Second Semi-Annual SF-425 for the Final Project Year

Submit your second semi-annual Financial Status Report no later than 30 days after the end of the project period.

- Final FFR/FSR (SF-425)

Your FINAL 425 is due 90 days after the end of the project and is submitted in the Payment Management System (PMS).

Reporting is done by budget year. ANA allocates funding on a yearly basis therefore reports during a budget year focus on the approved activities and funding for the current year only. The exception is the close out reports that are cumulative for the project period.

Timely reporting is a requirement of the grant. Recipients are encouraged to submit reports as early as possible to avoid any last-minute circumstances that might result in delinquent submissions. Missing report deadlines may result in consequences that might restrict funds, require additional monthly reporting, or relinquishing of the award. Grant amendments are not possible if there are any outstanding required reports.

Tangible Personal Property Report Final Report (SF-428)

Recipients that purchase any tangible personal property (e.g., equipment with a unit cost of \$5,000 or more and residual unused supplies with an aggregate fair market value exceeding \$5,000) are required to complete a **Final SF-428 report** which should also be submitted along with the final SF-425 report within 90 days from the end of the project period. The final SF-428 report must be cumulative, covering all years of the grant term.

Please upload the SF-428 reports as a Grant Note in GrantSolutions using the following naming convention: Correspondence- Budget Information Request- 428-Annual or Final-YYYY

If you did not have any project purchases that meet the definition of Equipment to report, you do not need to submit this report.

ANA's goal is for all recipients to get the needed support to fully implement their funded projects. ANA Program Specialists and TA providers closely review the reports to monitor progress, provide technical assistance when necessary, and better understand the ANA funded projects.

PREPARING FOR THE IMPACT VISIT

The purpose of the visit is to assess the outcomes of ANA funding, increase ANA knowledge about successes and challenges of ANA projects, and to share stories of ANA projects with fellow native communities, Congress and the American public. The impact visit serves as an opportunity for the recipient to explain how the project resulted in measurable reduction to, or elimination of, the problems and needs described in the original application. Prior to the impact visit, an ANA impact evaluator will contact the recipient.

The visits generally occur between the last three months of a project to the three months after completion of the project.

IMPACT VISIT OUTLINE

The goals of the Impact Visit are:

1. To assess the impact of ANA funding on Native American communities.
2. To learn more about the successes and challenges of ANA recipients to improve ANA service delivery.
3. To increase transparency and share the recipients' unique stories.

The visit is conducted by an ANA staff member. We will ask questions from a survey; most questions can be answered by the project manager. In addition to meeting with project staff, we want to see as much of the project as possible. This can include group meetings with participants, site visits, participating in classes, events, etc.

The following is a brief outline of a more extensive survey instrument, as well as information from the Ongoing Progress Report we use during the visit. We provide this outline in hopes that having this information ready prior to the visit will allow us more time to meet and speak with participants, staff, and the community. The survey is broken down into the following sections:

OBJECTIVE WORK PLAN

During the impact visit we will discuss your OWP and your progress and accomplishments towards project objectives. We recommend that you be prepared to:

- Provide information on the extent to which you achieved project objectives.

- Share best practices.

We will gather information on the results and benefits of project activities. We recommend that you be prepared to:

- Discuss the extent to which your project addressed the original current community condition as stated in your application.
- Discuss your project specific indicator(s), the extent to which you were able to meet your end of project target, and what change you predict three years from now.
- Discuss who benefited from the project (including how many individuals directly benefited), and what impact the project had on each beneficiary you identified. We encourage you to invite project beneficiaries to the impact visit.
- Discuss how you plan to sustain the project outcomes, services and activities after the project ends.

PROJECT DEVELOPMENT

We will ask about the application development process. We recommend you be prepared to discuss:

- How the project was developed?
- We also wish to learn about project marketing and outreach strategies.

PROJECT CHALLENGES

We will gather information on the challenges encountered during project planning and implementation. This could be presented to the impact evaluators through a slide presentation along with solutions used to address these challenges.

PROJECT BENEFITS

We will ask you to reflect on what steps you have taken to ensure your project continues after ANA funding ends and share what your next steps will be to continue project services.

- Discuss, if applicable, whether project activities or outcomes have become a routine part of the organization, if business(es) were created through the project; if project activities generated income and the amount generated; if additional funding was sought, and if any codes, ordinances, or regulations were developed through the project.

PARTNERSHIPS

Provide the number of partnerships; including how many partners were new and how many existed prior to the project. You can demonstrate this through MOAs or even invite partners, volunteers or participants to attend the impact visit meeting and share their experiences in partnering with your organization.

PROGRAM-AREA SPECIFIC QUESTIONS

ANA has developed specific questions for some of the program areas, to better understand the patterns and trends prevalent in each. Some questions you may want to prepare for ahead of time include, as applicable:

ENVIRONMENTAL REGULATORY ENHANCEMENT PROJECTS

- What is the main focus of the project?
- Use of other federal funding?
- Did the project result in increased capacity for the Tribe to manage its physical resources and/or the environmental quality on tribal lands?

NATIVE LANGUAGE PROJECTS

- Provide information on the current status of the language.
- How many youth (0-18 years) and adults (19+ years) increased their ability to speak the native language as a result of the project?
- How many youth (0-18 years) and adults (19+ years) have achieved fluency as a result of the project?

Chapter 2

ANA Grants Management System

GrantSolutions

GrantSolutions.gov is a grants and program management website created to support Federal agencies that administer grant awards. While Federal staff utilize the site to monitor awards and approve any grant amendments, recipients use this site to access their grant documents as well as submit and track requests for changes and continuations to their projects. Specifically, it is the website where:

- The official electronic grant file and history are available, including:
 - Approved application
 - Notice of grant awards
 - Awarded amendments
 - Official correspondence
- Annual grant award continuations and any grant amendments are submitted for approval
- Programmatic reports are completed and submitted to ANA.

The Grant File Section of this manual went over creating a local grant file for keeping project related original/source documentation on the project. GrantSolutions is not a replacement for a physical grant file. GrantSolutions access is limited to only a few staff. Your physical grant file will contain much more information and is available and can be reviewed by both project and organizational staff, as needed.

ACCESSING GRANTSOLUTIONS

The Office of Grants Management (OGM) creates recipient user accounts to access GrantSolutions during the processing of grant awards. Typically, two GrantSolutions accounts are assigned: one for the Authorized Official Representative listed on the SF424 and one for the Principal Investigator/Project Director (PI/PD). Your Program Specialist will confirm during their introductory call the assigned account holders that given access can access the GrantSolutions site.

If at any time during the duration of your project changes need to be made to user accounts, contact your Program Specialist who will initiate that process for you.

NAVIGATING GRANTSOLUTIONS

When you first log on to GrantSolutions, take some time to familiarize yourself with the site. The user interface is being upgraded. The first screen you will see is the log in screen.

LOGIN

To access the “My Grants List” screen in the New Experience of GrantSolutions, perform the following steps:

1. From a browser such as Internet Explorer or Google Chrome, navigate to www.grantsolutions.gov and click the **Login** button.

Figure 1: GrantSolutions Home page with Login button

2. The “GrantSolutions Login” screen appears. Log in with your GrantSolutions username and password, PIV card, or Login.gov account if applicable.
3. The “My Grants List” screen appears.

The Global Navigation Bar is white background area located at the top of the screen. The blue bubble with initials in it is called the User Avatar. When you are logged in your initial will be there.

GRANT PROJECT CARD

Grant Project cards appear on the “My Grants List” screen, each representing an individual Grant Project. Grant Project information appears on each card and includes the *Grant Number*, *FAIN*, *Grant Project Status*, *Project Title*, and *Grant Program*.

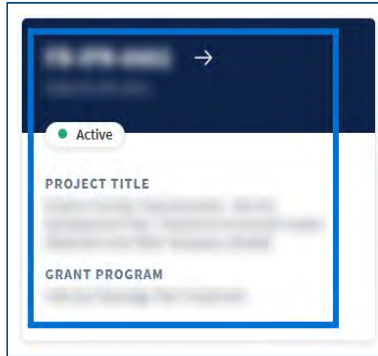

Figure 3: Grant Project card

Grant Project Status

The *Grant Project Status* may appear as *Active*, *Active-Restricted*, or *Closed*, depending on the Grant Project.

Active

Active appears for a Grant Project if the Project Period is started and the Closeout process is not complete.

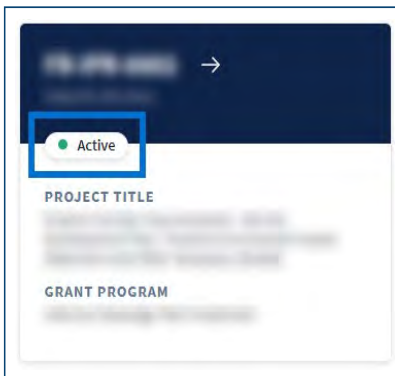

Figure 4: Grant Project card with Active status

Active-Restricted

Active-Restricted appears for a Grant Project if the Project Period is started, restricted funding is applied, and the Closeout process is not complete.

NAVIGATING THE GRANTS DETAILS

The graphic below shows the Grant Detail page in GrantSolutions. You get there by double clicking on your grant number in the grid or list view of My Grants List. This page gives you quick access to important grant information.

The screenshot displays the Grant Detail page in GrantSolutions. At the top, a dark blue navigation bar contains a back arrow, the status 'Active', the grant number '90NR', and the FAIN: 90NF. The current budget period is 09/30/2020 to 09/29/2022 (2 of 2), with a start date of 09/30/2020 and an end date of 09/29/2023. The main content area has tabs for 'Details', 'History', 'Reports', 'Amendments', and 'Notes'. The 'Details' tab is active. On the left, a box displays the 'CURRENT APPROVED BUDGET' of \$266,407.00 and a 'View Notice of Award' button. Below this, the 'GRANT PROGRAM' is 'NR - Environmental Regulatory Enhancement' and the 'PROJECT TITLE' is 'Implementing Seventh Generation Research and Monitoring Goals for Culturally Important Wildlife'. The 'Grant Details' section includes a 'Notice of Award' issued on 08/18/2021. The 'Federal Information' section lists the 'PROGRAM OFFICE' as 'ACF/ANA Central Office', the 'FEDERAL PROJECT OFFICER' as 'Ms. Maria Boyd' (MB), and the 'GRANTS MANAGEMENT OFFICER' as 'Timothy Chappelle' (TC). The 'Recipient Information' section lists the 'NAME & ADDRESS' as 'Tribal Community', the 'PROJECT DIRECTOR' as 'Ms.' (KS), and the 'AUTHORIZING OFFICIAL' as 'FC'. The recipient's address is partially visible as 'UNITED STATES'.

On the following five pages you will be shown step by step what each component on the Grant Detail page is for and/or where more specific information is found.

The tabs under the dark blue Hero Navigation Bar toward the right are not used by ANA Grants. They are the **Reports** and **Amendments** tabs. How you access reports will be explained under the Online Data Collection section in a few pages. Amendments is addressed directly after reviewing the information included on the Grants Detail page.

Grant Details Navigation

The “Grant Details” screen includes the same *Global Navigation bar* found on the “My Grants List” screen. The *Global Navigation bar* appears on the “Grant Details” screen regardless of the active tab (see [Global Navigation Bar](#) section).

GRANT AMENDMENTS

ANA understands that recipients may need to modify their budget or other aspects of the approved grant in order to successfully complete their project. There are some cases where written prior approval from ACF/ANA is required before the recipient can implement the modification. The instances where prior approval is required are referred to as grant amendments. Grant amendments may include budget modifications, a change in key personnel, a no cost extension, or a carry over budget. The HHS Grants Policy Statement, Exhibit 5 provides a summary of actions that require prior approval from ACF/ANA (ACF/ANA is the OPDIV referred to in the following table). For more information, the HHS Grants Policy Statement (GPS) is available at: <https://www.acf.hhs.gov/grants/forms>.

SUMMARY OF ACTIONS REQUIRING OPDIV PRIOR APPROVAL

OPDIV PRIOR APPROVAL IS REQUIRED FOR THE FOLLOWING CIRCUMSTANCES:	
Alterations and Renovations (A&R)	<p>Re-budgeting into A&R costs in a single budget period that would exceed the lesser of \$250,000 (or amount specified by the OPDIV in Part IV of the HHS GPS) or 25 percent of the total approved budget (direct and indirect costs) for a budget period (also see "Allowable Costs and Activities"). Any single A&R project exceeding \$250,000 (or amount specified by the OPDIV in Part IV of the HHS GPS).</p> <p>Aggregate costs that would exceed the lesser of \$250,000 (or amount specified by the OPDIV in Part IV of the HHS GPS (or 25 percent of the total costs reasonably expected to be awarded by the awarding office for a project period (or competitive segment under programs that entertain competing continuation applications).</p>
Carryover of unobligated balances	<p>If not provided as an expanded authority. Also see "Carryover of Unobligated Balances" in the HHS GPS for potential OPDIV actions if provided as an expanded authority.</p>

Change of recipient organization	All instances. Recipients must notify the awarding office of other changes in organizational status. See “Change of Recipient Organization” in the HHS GPS.
Change in scope	All instances. See “Change in Scope” in the HHS GPS for a discussion of the post-award changes that may indicate a change in scope: transfer of substantive programmatic work to a third party; significant re-budgeting; incurrence of research patient care costs; purchase of a unit of general- or special-purpose equipment exceeding \$25,000.
Changes in status of PI, PD, or other key personnel named in the NoA	For PIs/PDs, replacement; absence for any continuous period of 3 months or more; reduction of time devoted to project by 25 percent or more from level in approved application. For other key personnel, substitution for named personnel. See “Change in Status, including Absence, of PI/PD and Other Key Personnel” in the HHS GPS.
Construction, land, or building acquisition	All instances when purchase proposed; any proposal to convey, transfer, assign, mortgage, lease, or in any other manner encumber real property acquired with OPDIV grant funds.
Cost principles prior- approval requirements	All instances unless provided as an expanded authority (not available for construction, land, or building acquisition or indemnification of third parties).
Deviation from award terms and conditions	All instances. Includes undertaking any activities disapproved or restricted as a condition of the award.
Foreign component added to a grant to a domestic organization	All instances.
Indemnification of third parties	All instances.
Need for additional OPDIV funding	All instances whether or not additional time is needed, including extension of a final budget period of a project period with additional funds. See “Need for Additional OPDIV Funding” in the HHS GPS.

No-cost extension	All instances unless authority to approve a one-time extension of up to 12 months without a change in scope is provided as an expanded authority. See “Need for Additional Time to Complete Project- or Program-Related Activities (‘No-Cost Extension’)” in the HHS GPS.
Pre-award costs	All instances before the effective date of the initial budget period of a new or competing continuation award unless the authority to approve pre-award costs up to (and including) 90 days before the beginning date is provided as an expanded authority. In either case, the costs are incurred at the applicant’s/recipient’s own risk.
Research patient care costs	For States, local governments, and tribal governments, all instances. For institutions of higher education, non-profit organizations, and commercial organizations, any instance in which such costs were not part of the approved budget shown in the NoA or a recipient wants to re-budget out of the approved research patient care category.
Retention of research grant funds when career award made	All instances.
Transfer of amounts for training allowances (stipends, tuition, and fees) to other budget categories	All instances unless provided as an expanded authority to States, local governments, or tribal governments. (The training allowance does not include trainee travel, which HHS does not consider to be a trainee cost, and other training-related expenses.)
Transfer of funds between construction and non-construction work	All instances.
Transfer of substantive programmatic work	All instances if the recipient is a governmental entity or, for recipients subject to 45 CFR part 74, the grant is a construction grant; otherwise considered an indicator of change in scope. See “Transfer of Substantive Programmatic Work” in the HHS GPS.

Prior to submitting any grant amendment, or for questions on a change in scope or supplement, recipients should speak with their ANA Program Specialist. Guidance on when and how to submit a formal request for budget modifications, carry over budgets and no cost extensions is below.

Non-Competing Continuations

Approved multi-year recipients must submit a continuation application to ANA for the next year's funding through the GrantSolutions.gov system. Your Program Specialist will notify you when the link is available on GrantSolutions to complete the continuation and they will also provide you with the deadline for submission. The following documents are required for a continuation:

1. Line item budget for Federal and Non-Federal Share (itemized by approved budget category)
2. Budget justification narrative
3. SF424, SF424A (signed by Authorized Official) and SF424B
4. Current Indirect Cost Rate Agreement (this should only be submitted if requesting indirect costs)
5. Project narrative covering project accomplishments to date, including the criteria used to measure and validate accomplishments, and any changes recipient is requesting be made to the continuation period

NOTE: Non-Competing Continuation Applications (NCC)

NCC applications may contain requests for budget revisions or OWP revisions for the continuation year. Any revisions for continuation periods should be discussed with the Program Specialist prior to submitting the continuation application. Revisions and reasons for revisions should be identified in the program narrative. Supporting documentation for the requested revision should be included in the application.

Revisions to line items are allowed during continuations as long as a budget justification narrative for the new line items is submitted.

Budget Modifications

In general, recipients are allowed a certain degree of latitude to re-budget within and between budget categories (25% of the budget total) to meet unanticipated needs and to make other types of post-award changes. These budget modifications are allowed provided they are for activities detailed in the approved OWP for that budget period and do not meet one or more of the below prior approval requirements.

NOTE: Do I Need a Formal Budget Modification?

To avoid disallowed expenditures and/or audit exceptions please email your OGM and ANA specialists to make sure prior approval is not needed for the internal budget revision you want to do. Tell them what funding is being moved, where it is being moved to and why this is necessary.

45 CFR Part 308 states that written approval is required from ACF/ANA prior to recipients implementing a budget modification that does one or more of the following:

- Transfer of funds budgeted for participant support costs. Participant support costs are defined as direct costs for items such as stipends or subsistence allowances, travel allowances, and registration fees paid to or on behalf of participants or trainees in connection with conferences, or training projects.
- Transfer or contracting out of any work under the Federal award unless described in the application and funded in the approved Federal award. This does not apply to acquisition of supplies, material, equipment, or general support services.
- Changes in the amount of approved cost-sharing or matching.
- A fixed amount sub-award as described in 75.353.
- The HHS awarding agency may, at its option, restrict the transfer of funds among direct cost categories or programs, functions and activities if the amount exceeds \$150,000 or 10% of the total budget amount.

- Changes the scope of the project. For ANA's purposes, a change in scope may result from a significant alteration of the approved project activities, change in the direction of the project, the type of services delivered, the number of beneficiaries to be served, or training provided.
- Adds new line items that fall under the prior approval cost principals according to 45 CFR Part 75.
- Results in a need for additional federal funding.
- Moves funds from direct costs to indirect costs and vice versa. This is typically necessary as a result of a change in the indirect cost rate issued by the cognizant agency.

Please ensure your ANA Program Specialist has a copy of your current working budget. For further guidance and information, please contact your OGM grant specialist and ANA Program Specialist.

For requests requiring written prior approval, recipients must submit their request in GrantSolutions. Refer to the GrantSolutions User Guide for detailed instructions. You will need to submit the following:

1. A letter written on letterhead and signed by the authorizing representative. The letter should request the budget revision and explain the reasons for the change.
2. A revised 424 and 424A with the new budget category amounts.
3. A revised line item budget showing the approved budget, what is requested to be revised, and the new amounts.
4. A new line item budget narrative that inserts the revised amounts and justifications into the approved budget narrative.
5. Any additional information the recipient believes is relevant to the request (e.g., price quotations).
6. Current indirect cost rate agreement if the budget is changed due to an increase or decrease in indirect costs.

Submit your request in GrantSolutions. Refer to the GrantSolutions User Guide for detailed instructions.

NOTE: Non-Federal Share (NFS) Modifications:

Modifications to the non-federal share budget should be sent to OGM and the ANA Program Specialist and requires a new line item budget and budget narrative for non-federal share only. Revisions to the non-federal share do not require prior approval provided the revisions abide by the OMB cost principles.

Carry Over Budget (COB)

Recipients with multi-year grants may request a carry over budget (COB) from one year to the next if the funds are for project activities that were not accomplished during the previous budget period. Prior to submitting a request, the recipient must ensure that the amount requested for the COB is still in their payment management account and that they are current in their financial and programmatic reporting. If unsure, they should contact their OGM Grants Management Specialist.

NOTE: Requirement to Request a Carry Over Balance

Unobligated balances of funds cannot be carried forward into the next budget period to perform new objectives or activities.

To submit a carry over budget, recipients should provide the following to their ANA Program Specialist and OGM Grants Management Specialist through GrantSolutions:

1. A letter signed by the authorizing official requesting the COB. Ensure the amount of the request is clearly identified in the official request letter and that it includes the following:
 - a. A detailed description of approved grant activities from the prior budget period that were not completed.

- b. An explanation of why established activities were not completed.
 - c. A plan for completing these activities in the current budget period including a timeline for their completion.
2. A detailed line-item budget that clearly shows how the funds are being carried over to the current budget period.

NOTE: NFS in the Carry Over Budget (COB) Request

If the NFS was met during the previous budget period, the budget narrative should state that the NFS was met in the previous budget period with reference to the SF-425. This statement can also be included in the request letter. Upon receiving the NGA, the recipient should ensure that the NGA also includes a statement that the NFS has been met.

3. A budget narrative that explains how the recipient proposes to use these funds in the current budget period.
4. SF-424 stating only the COB request amount and proportionate 20% applicant match (non-federal share). The 20% NFS should be included on the SF-424 even if it was met in the previous budget period.
5. SF-424A which breaks down the COB. The SF-424A should include the actual amount of any NFS dollars that are being carried over.
6. An updated SF-425 long form that shows the unobligated balance is equal to or greater than the amount that is being requested. Example: submit the last quarter SF-425 (4th quarter).
7. A revised OWP that includes incomplete activities from the previous budget period with new timeframes for completion of those activities and benchmarks.

Submit your request in GrantSolutions. Refer to the GrantSolutions User Guide for detailed instructions.

NOTE: COB Approval Requirement

The COB will not be processed if the SF-425 amounts do not align with the reports from PMS.

No Cost Extension (NCE)

While the carry over budget is submitted from one budget year to another, a no-cost extension can be requested near the close of a project in order to extend the grant period by up to 12 months to complete project activities. ANA awards funding to a recipient with the intention that all objectives will be completed within the approved time frame; therefore, requests for a no cost extension (NCE) must be strongly justified by the recipient in order to be approved. If recipients are behind on project activities and spending, ANA can provide technical assistance during the project period that can help recipients overcome project challenges that are causing the delays. In exceptional cases, ANA can approve a NCE to allow recipients extra time to successfully complete the project objectives.

Prior to submitting a request for a NCE, recipients must speak with their ANA Program Specialist. A NCE request based solely on there being unobligated balances remaining at the end of the project period will not be approved. If the NCE is justified and allowable, the recipient should submit the request 45 days in advance of the project's end date.

The recipient should provide the following:

1. SF-424
2. SF-424A if you are requesting a change in your budget
3. A letter signed by the authorizing official requesting the NCE at no cost to ANA and identifying the length of the NCE and the new project period end date. The request letter should address the following questions:
 - a. Why is the extension needed?
 - b. What objectives and activities were not completed?
 - c. How do they plan to complete the incomplete activities?

Manage Amendments - Classic Experience

An amendment is a post-award change to a grant. Recipients may initiate certain types of amendments in the GrantSolutions GMM from the “My Grants List” screen. Amendment types may include, but are not limited to supplements, change in staff, budget revisions, carryover requests, change in Recipient address, and more.

Note: Contact the awarding agency for the types of amendments that can be created by a grant recipient.

To view amendments in progress or to initiate a new amendment, follow the below steps:

1. From the “My Grants List” screen, click the link **Manage Amendments**.

OBJECTIVE WORK PLAN (OWP) STATUS/UPDATE

Do you need to make any changes to your OWP? Yes No

Please describe any changes to your work plan and if you requested the change from the ANA office.

A. Objective Work Plan (OWP) Status/Update

Item 1: Select “Yes” if you need to make any changes to the Project Scope, Goal, Objectives, or Activities in the Objective Work Plan (OWP). Select “No” if no changes need to be made to the OWP.

Item 2: Provide an explanation of the changes you intend to make and if you have requested this change from the ANA office.

Project Year 1

The approved Objective Work Plan will pre-populate in this section when using GrantSolutions. This information has been entered by your Program Specialist.

Objective Work Plan
<p>Goal: Develop a place-based local business ecosystem and local business community of practice on the Warm Springs Reservation that maximizes wealth building, self-sufficiency, and sustainability for Warm Springs reservation-based businesses; provides stable jobs for community members; promotes local purchasing of goods and services; draws off-reservation dollars onto the reservation; and reduces the rate of retail leakage.</p>
<p>Year: 1</p>
<p>Objective # 1</p>
<p>Objective Statement: Place-based business development: By September 29, 2023, 8 new businesses operated by CTWS tribal members in WSCAT's Commissary incubator complex, including 5 food-based or arts businesses (3 food carts, a café, and an art store), will generate a combined \$200,000 and employ 20 people.</p>

	Milestone Activities	Describe how each activity was accomplished (or what prevented the activity from being completed). Include quantitative information (e.g. # of participants, workshops, etc).	Outputs	Describe the status of each Output	Begin Date	End Date	Status of Activity (see instructions above)
1	Hire Commissary General Manager.		Commissary General Manager hired		09/30/2021	10/15/2021	N/A this quarter
2	Hire Commissary Site Design Consultant.		Commissary Site Design Consultant hired		09/30/2021	10/31/2021	N/A this quarter
3	Provide training for Commissary General Manager in Commissary Incubator policies and procedures which were developed in the summer of 2021.		Commissary General Manager trained in Commissary management policies and procedures		10/15/20	12/21/20	N/A this quarter

- **Describe how each activity was accomplished:** Describe your progress towards fulfilling each of the project's objectives and activities accomplished during the current reporting period. Report on activities by describing the activity, including numbers (i.e., of participants or meetings, etc.) and dates, when possible.
- Include quantitative and qualitative data to help ANA understand your project's progress.
 - Quantitative: Use numbers; for example, how many individuals attended a meeting, what percent of a survey reported positive feedback.
 - Qualitative: Describe who completed what, when, where, why, and how for all activities.
- Think of the description as telling a story, where you need to include all of the background information and details so that the reader can get a clear picture of what occurred for each activity.
 - Poor description: Three people attended the Board meeting.
 - Good description: The Project Director, Project Coordinator, and Project Assistant attended the Board Meeting on 1/11/2021. They presented on the new cultural enrichment curricula that we are developing for high school students, which includes exploring one's Native identity, language, tribal history, and ancestral traditions. In this highly interactive curriculum, we provide activities that give students an opportunity to deeply reflect on each topic and share their reflections with one another. The Board was very impressed with our presentation and will be reviewing the curricula and providing feedback by 1/29/2021.
- Demonstrate how much progress has been made on the activity to date. If the activity has been delayed, identify the causes and what, if any, steps are being taken to address the challenge. It is just as important to explain why an activity is delayed and what alternate approaches you have taken to complete the activity as it is to explain your progress.
- The information on activities is cumulative for each year of the project and should be maintained for the duration of the project

period (i.e., do not delete information from previous reporting periods for the current budget period.) Should you need to update the status of an activity, please place "UPDATE" prior to providing the updates.

Status of Activities: Identify the status of each activity. This column should be updated accordingly. From the drop-down menu, select the correct status:

- **"Completed"** if the activity was completed based on originally anticipated "end date." Once marked Completed, an expected completion date should not be provided.
- **"Ongoing"** only if the activity is supposed to continue past the reporting period according to the OWP.
 - Activities can only be marked as Ongoing in semi-annual reports that cover the first 6 months of the budget period.
 - If you are doing your annual report, which is the second report of the budget period (project year), activities CANNOT be marked as Ongoing.
- **"N/A"** if the activity is not scheduled to start until later in the project period. Do not use N/A if the activity is Delayed.
- **"Delayed"** if the activity was not completed based on the originally anticipated end date and is still expected to be achieved. If the activity is Delayed, enter the expected day, month, and year that the activity is expected to be completed.
 - Please be sure that you select Delayed for any activities that are not fully complete. If you mark activities as Completed when they are in fact Delayed, you will not be able to carry over funds connected to those activities to the next budget period. This can hurt your project as you will not be able to use your unspent funds to finish your activities in the following year."N/A" if the activity is not scheduled to start until later in the project period.

<p>Administration for Native Americans On-going Project Progress Report (ANA-OPR)</p>	
<p>C. CHALLENGES</p>	
<p>1. Did your project face any challenges during this reporting period? <input type="radio"/> Yes <input type="radio"/> No</p>	
<p>1a. If Yes, please describe your challenges in the table below:</p>	
<p style="text-align: center;"><u>Provide a description of the challenge</u></p>	<p style="text-align: center;"><u>Did you overcome the challenge?</u></p>
<p style="text-align: center;">1</p>	<p style="text-align: center;"><u>If Yes, please state how you overcame the challenge. If no, please identify your plan to address this challenge.</u></p>
<p>2. Would training or technical assistance benefit the project at this time? <input type="radio"/> Yes <input type="radio"/> No</p>	
<p>2a. Please describe the services you would like to receive.</p>	

[Previous Section](#) [View Attachments](#) [Next Section](#)

Challenges are any issues or events which have negatively impacted the implementation of your project. Challenges occur for nearly every project and can be overcome through careful planning and monitoring. In some cases, technical assistance can be provided to assist recipients in overcoming challenges. Note: Reporting on challenges does not reflect negatively on recipients, as all projects encounter difficulties. ANA encourages and appreciates detailed feedback on the challenges that recipients experience and how recipients approach such challenges.

Item 1: Select “yes” if your project encountered any challenges during the reporting period. Select “no” if you encountered no challenges.

Item 1a: If you select “yes”, please provide a description of each challenge in the table. If you have resolved the challenge, select “yes” in the next column or select “no” if you are still encountering this challenge. In the last column, describe how you overcame the challenge, if you selected “yes” or identify your plan to address the challenge, if you selected “no”. Please be as detailed as possible, as the more information ANA receives on recipient challenges, the better we can assist recipients in the future.

Item 2a: If “Yes” is selected, explain the request that was made and if it was resolved.

Item 3: Financial table:

Your Program Specialist will have already entered the federal and non-federal forecasted dollar amounts from your Standard Form (SF) 424A. You will need to enter the actual cash expenditures for the two quarters covered in the reporting period.

Item 3a: If the amounts forecasted and the actual amounts are not the same, explain the reason for the difference for each quarter. Reasons can be hiring delays, dates of high cost purchases that were made early/late, project delay in start date – whether project start-up or late award notification from ANA, etc.

Item 4: Select “yes” if you anticipate obligating all of the federal funds awarded for the project period by the project period’s end. Select “no,” if not.

Item 5: Select “yes” if you have any pending amendments with ANA. Select “no,” if not.

Item 6: Select “yes” if your project has generated any program income as a result of project activities. Select “no,” if not.

Item 6a: If “Yes” is selected, indicate how much was generated and from what source.

Item 6b: Identify how your program income will be utilized to support the project.

E. OTHER

Please include any other information you would like to share with ANA regarding your project

Include any additional information your organization would like to share with ANA regarding your project.

This section concludes your first semi-annual report.

SECOND SEMI-ANNUAL REPORT

In addition to completing the sections of the report already covered, the second semi-annual OPR has additional sections for you to report on to aid ANA in their accountability to Congress. ANA reports annually to Congress on how its funding was used and the impact the funded projects had in Native communities. ANA asks recipients to provide information on some common data elements in their reports to aid in the development of this report. The following are the sections found in the second semi-annual report along with instructions for their completion.

F. Impact Indicator(s)

Your impact indicator and the approved targets will be listed above the fillable chart for your reference

Indicator	Actual Change During Reporting Period
Item 1: Fill out the actual change during this budget period that has occurred on	

the Impact Indicator as listed from your original application

G. Native Youth and Elder Engagement.

ANA is interested in intergenerational activities as a way for project participants to pass down traditional culture, language, and knowledge to the next generation. Please use this section to document any intergenerational activities that may have occurred in your project. For each reporting, please update the table below if any project activities occurred in which Native youth and Elders participated. This table should reflect only those activities occurring within the reporting period so that, by project's end, all activities that took place are reflected.

1. During this reporting period, did this project provide any opportunities or activities for Native youth and Elders? Yes No Not Applicable

1a. If yes, please complete the following table:

Title/Description of Activity	Total # of youth participating	# of New youth participating	Total # of Elders participating	# of New Elders participating

2. During this reporting period, did any of the above activities involving Elders

and youth promote cultural preservation? Yes No

2a. If yes, please describe:

3. During this reporting period, has the project engaged youth in leadership development activities? Yes No

3a. If yes, please describe:

Item 1: Select “yes” if the project provided any activities involving Native youth and Elders during this budget period. Select “no” if there were no activities involving Native youth and Elders during this budget period. Select “not applicable” if you did not intend to have Native youth or Elder activities as a part of your project.

Item 1a: If “yes” is selected, list the title and provide a brief description of the activity. Also indicate the total number of youth participating, the total number of new youth participating, the total number of Elders participating, and the total number of new Elders participating in the activities listed.

Item 2: Select “yes” if any of the activities involving Elders and youth promoted cultural preservation during this budget period. Select “no,” if not.

Item 2a: If “yes” is selected, please provide a description of how the activities promoted cultural preservation during this budget period.

Item 3: Select “yes” if the project engaged in youth leadership or leadership development during this budget period. Select “no,” if not.

Item 3a: If “yes” is selected, please provide a description of how the activities promoted youth leadership or leadership development during this budget period.

1. During this budget period, have any volunteers (unpaid individuals providing service or resources to the project) been utilized in the implementation of your project? <input type="checkbox"/> Yes <input type="checkbox"/> No
1a. How many individual (unduplicated) volunteers?
1b. What contribution(s) did volunteers make to the project?
1c. Does having volunteers support project success? How?
1d. How many total hours did volunteers work during this budget period?

2. During this budget period, if community participation is intended as part of your project, what is your estimate of the level of actual community participation compared with desired participation? This may include, but is not limited to, the intended beneficiaries of the project.

<input type="checkbox"/> No community participation	<input type="checkbox"/> 50% or less community participation than desired	<input type="checkbox"/> More than 50% community participation	<input type="checkbox"/> Desired community participation achieved	<input type="checkbox"/> Not applicable
---	---	--	---	---

Item 1: Select “yes” if there were any volunteers that were utilized in the implementation of the project. Select “no” if not.

Item 1a: If “yes” is selected in Item 1, please indicate the number of unduplicated volunteers who contributed to the project. Update this number each budget period so that by project’s end, all unduplicated volunteers are reflected.

Item 1b: If “yes” is selected in Item 1, please indicate the contribution that the volunteers made to the project.

Item 1c: If “yes” is selected in item 1, please describe how volunteers supported the project’s success.

Item 1d: Indicate how many hours the volunteers contributed to the project during this budget period. Update this number for each budget period so that by project’s end, any unduplicated volunteers are reflected.

Item 2: If community participation is an intended part of the project, select the estimated level of actual community participation compared with desired participation. Select “not applicable” if there was no active community participation intended for the project.

K. Project Benefits

Finalizing the Ongoing Progress Report (OPR)

The OPR form is found in GrantSolutions and should be filled out and submitted through the Online Data Collection (OLDC) portal. It is important that you print a copy of the submitted form for your grant file. All applicable fields of the report should be filled in. When you are filling out the description of project activities section please do not leave a box blank if the activity was supposed to take place during the reporting period. Instead explain why the activity did not occur as expected and how you are going to get back on track during the next reporting period.

Validating, Certifying and Submitting a Report in OLDC

- Click the Report Sections link toward the top of the screen.

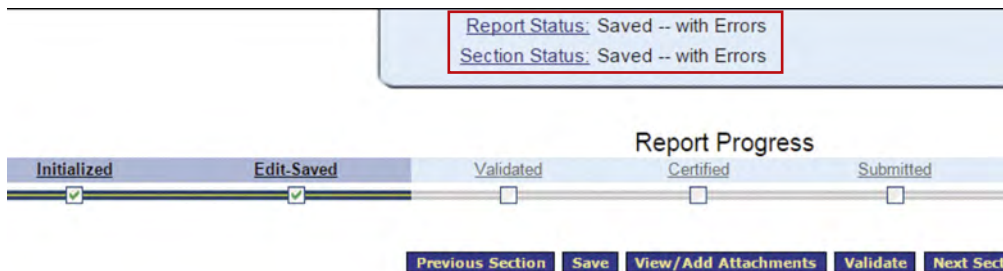

Validate

Once the data is entered and saved for each section, the entire form must be validated. Validate checks the form for errors and missing data. Click Validate from a section or from the “Report Sections” screen.

The screen refreshes and the status updates.

If the report status is **Saved with Errors**, an error message appears at the top of the Report screen. The errors must be corrected and the report revalidated. A report with errors can not be certified or submitted

- Click the Go to Error link to go directly to the field in need of corrections.
- Click the Long Description link to view a description of the error.

CHANGE A SUBMITTED REPORT

When a report is submitted by the recipient but is not yet *In Review* by ANA, the recipient may take the report back to make changes. Contact ANA if the report is already in the Review status. When a report is edited, it must be re-Validated, Certified, and Submitted to complete the process. Previous due dates apply.

REVISIONS

Once the OPR is approved, the process is complete. However, if a recipient needs to make a change, they have the option of creating a revision.

A revision is an exact duplicate of the Accepted OPR, only the data fields are open and modifications can be made. The original report does not change and can be accessed by clicking “View Original” from the Report Form Status page.

There is no limit to the number of revisions for a single report. However, if a revision is made after the OPR’s due date, the Recipient is not able to submit the revision and must instead contact their ANA Program Specialist for assistance.

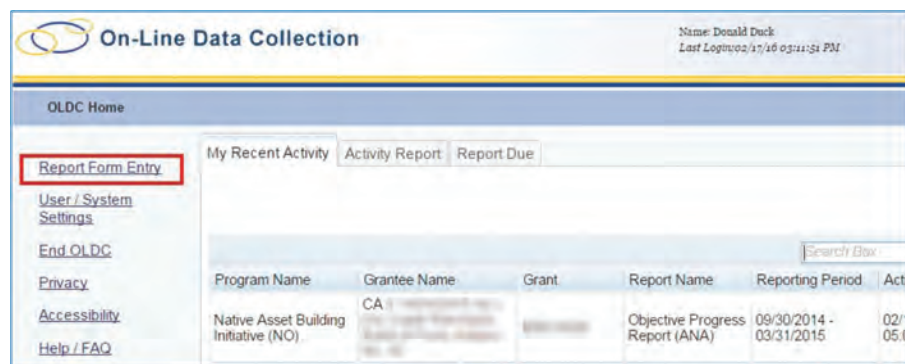

Note: Revisions may only be created for the OPR. To request changes to the OWP, please contact ANA staff.

To create a revision:

1. Log into the GrantSolutions Grants Management Module (GMM) (<https://home.grantsolutions.gov/home>).
2. Click the menu Online Data Collection.

3. The OLDC “Home” screen appears. Click **Report Form Entry**.

Chapter 3

Financial Management System

Payment Management System (PMS) Overview

The Payment Management System is hosted by HHS for HHS grant recipients. PMS is part of the Program Support Center for HHS and is responsible for all payment related activities from the time of award through the closeout of an ANA grant. PMS makes payments to recipients, manages cash flow and reports disbursement data to ANA and OGM. PMS also processes requests for payment and reviews the FFR-425 report (also known as the SF-425) to ensure the recipient does not have excess cash on hand.

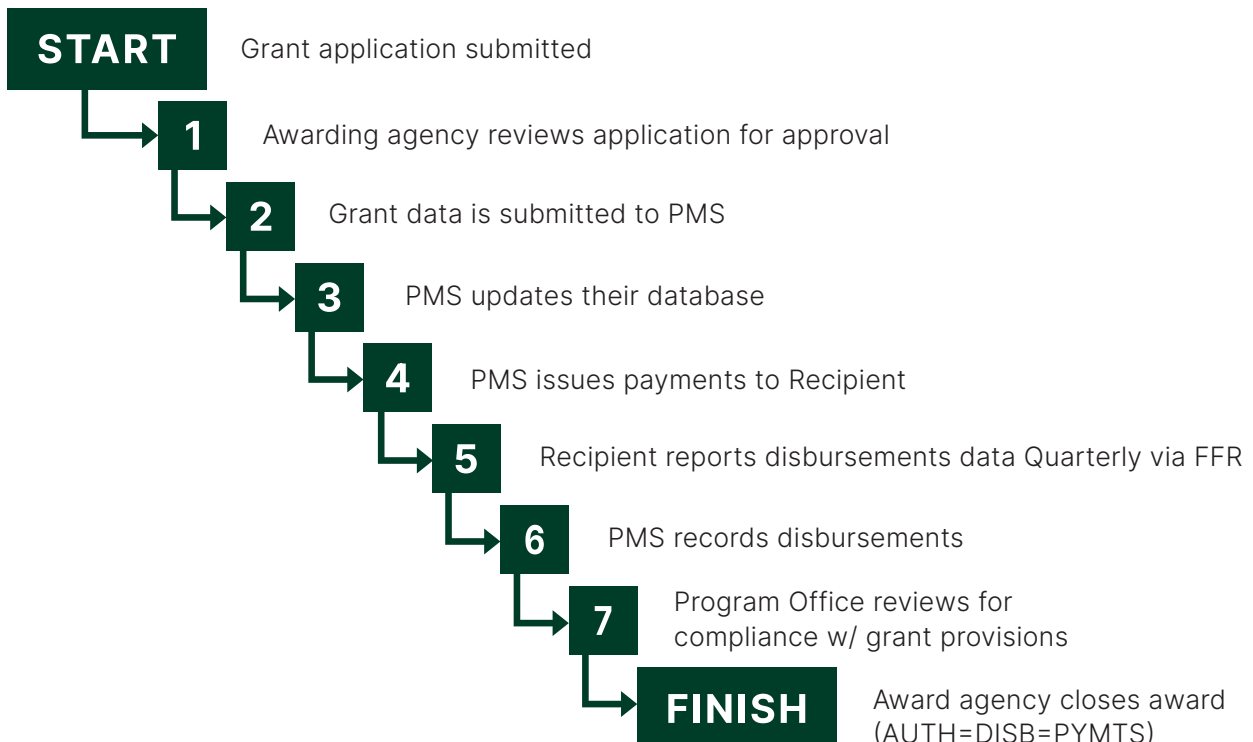

The main purpose of the system is to serve as the fiscal intermediary between ANA and grant recipients, with emphasis on:

1. Expediting the flow of cash between the federal government and recipients;
2. Transmitting recipient disbursement data back to ANA; and
3. Managing cash advances to recipients.

The graphic below shows the life of a grant through PMS:

PMS GRANT LIFE CYCLE

As a recipient, you will use PMS for cash draw downs and to complete your financial reporting. The following pages will provide guidance on setting up an account in PMS, how to draw down funds and completing the Federal Financial Report (FFR). More information can be found at <https://pms.psc.gov/training/pms-user-guide.html>. If you need additional assistance, reach out to the PMS Help Desk at 1-877-614-5533 or via email at PMSSupport@psc.hhs.gov.

ESTABLISHING A USER ACCOUNT ([HTTPS://PMS.PSC.GOV](https://pms.psc.gov))

The screenshot shows the homepage of the Payment Management System (PMS) Program Support Center. The header includes the U.S. Department of Health & Human Services logo and navigation links: Home, About Us, Find PMS Liaison Accountant, Grant Recipients, Grantors, Training, Support, Request Access, and Login. The main content area features a 'Welcome' banner with a 'Learn More About Us' button. Below the banner is a 'Grant Recipients' section with a description and six icons for various actions: Find your PMS Liaison Accountant, Request Access to PMS (highlighted with a red box), Change User Access, Add or Change Banking, Return your Funds & Interest, and PMS User Guide. On the right side, there are three alert boxes: 'SYSTEM CRITICAL!' regarding a December 24, 2020 payment cutoff, 'SYSTEM ALERTS!' regarding Login.gov availability and SAM.gov updates, and 'BUSINESS INFORMATION' regarding FFR submission.

1. Click on Request Access to PMS

ACCESSING PAYMENT MANAGEMENT SYSTEM

Logging into PMS

The screenshot shows the top of the PMS website. The header includes the U.S. Department of Health & Human Services logo and the PSC Payment Management System Program Support Center. The navigation menu contains links for About Us, Find PMS Liaison Accountant, Grant Recipients, Grantors, Training, Support, Request Access, and a red Login button. A large blue banner with the text 'Welcome' and 'Payment Management System (PMS) is a one-stop shop for grant payments...' is visible. A red 'Learn More About Us' button is at the bottom of the banner. On the right, a pink alert box titled 'SYSTEM CRITICAL!' contains a 'December 24, 2020 - Early Cutoff for Payments:' section with three bullet points regarding payment deadlines.

1. Click on login in the upper right of the screen

The screenshot shows the login page. The header includes the U.S. Department of Health and Human Services logo and the PSC Payment Management System logo. The navigation menu contains 'LOGIN' and 'REQUEST ACCESS' buttons. The main content area is titled 'Login' and features a 'Secure PMS Login' form. The form has fields for 'Username' and 'Password' (with a placeholder 'Enter Password...'). Below the fields is a checkbox for 'I agree to the Government terms of use below.' and a blue 'Login' button. To the right of the form is a vertical line with '-OR-' in the center. Below the line are two boxes: one for 'AMS for HHS Grantors' and another for 'LOGIN.GOV'. At the bottom of the form area are links for 'Reset Password', 'Operating Hours', and 'Request Access'.

-
2. Enter your user name and password
3. You are required to accept the terms and conditions for using the Payment Management System. The consent is given by selecting the empty check box that reads "I agree to the Government terms of use below".
4. Click on the Login button.

How do we update our organizations information (Name, DUNS, Address)?

For name changes, you must submit a copy of the IRS Letter and/or Executive Order which states the old name and the new name (documentation should be sent to your grants officer and your PMS Liaison Accountant). For DUNS and address changes, you can provide this information on your organization's letterhead with an authorized signature directly to your grants officer.

How do we know the information has been updated?

Once the next quarter's reports are generated, you will be able to see the updated information.

REQUESTING PAYMENT

Payment requests may be made as often as needed:

- Daily
- Weekly
- Monthly
- Bi-monthly

Funds must be spent within three business days!

In accordance with Department of Treasury regulations, federal cash **MUST BE DRAWN SOLELY TO ACCOMMODATE YOUR IMMEDIATE NEEDS ON AN "AS NEEDED" BASIS ONLY**, and must not be held in excess of three (3) working days. The Department of Treasury issued regulations governing the flow of federal cash to recipient organizations. These regulations are intended to ensure that federal cash is disbursed from U.S. Treasury coffers only when the recipient needs cash for payment purposes. The regulations minimize the negative impact of federal cash withdrawals on the public debt and related financing costs to the Federal Government. At no time, therefore, should cash be requested to cover unliquidated encumbrances, obligations, or accrued expenditures until actual program disbursements are anticipated. {Reference Circular 1075 & 1084}

You can uncheck the boxes in the upper right hand corner of the report to get a different layout. The down arrow under a column header means that the data is being sorted by this column (See "Request Date" column).

Select any column to sort data.

The screenshot shows a report interface. In the top left, a dropdown menu is open, showing two options: "REQUEST DATE" and "PAYMENT TRANSACTION ID". In the top right, there are two checkboxes, both of which are unchecked. Below this, a table is displayed with the following columns: PAYEE ACCOUNT, TRANSACTION CODE, SUBACCOUNT, SUBACCOUNT REQUESTED AMOUNT, TOTAL PAYMENT REQUEST AMOUNT, REQUEST DATE, POST DATE, DEBIT DATE, SCHEDULE NUMBER, and PAYMENT TRANSACTION ID. The "REQUEST DATE" column header has a downward-pointing arrow, indicating it is the current sort order. The table contains 10 rows of data, all with "HEALTHCARECENTERS_20" as the subaccount.

Returning Funds

- All funding requested via the Payment Management System, must be returned back to our office for proper credit.
- All returns should include (1) PMS Account Number(s), (2) Grant Number, (3) Amount, and (4) reason for return (excess cash, interest, etc.). If you are not able to provide this information on the transmission, please send an E-Mail to your liaison accountant informing them of the return and include all information stated above.
- Remember to update your FCTR to reflect the funds return.
- Once the funds have been received and posted back to your PMS Account, you can check the payment data inquiry screen.
- On electronic returns there are fields in place for submitting information with the financial data. Please make use of these fields. Please include pertinent subaccount information if it applies.

The Payment Management Services prefers that you return funds using ACH Direct Deposit (REX or Remittance Express) or FedWire.

ACH Returns (Direct Deposit)

Returning funds to DPM via ACH (Automated Clearing House) means you will most likely be returning funds to DPM in the manner in which they were received at your organization.

You will need the following information:

The DPM ACH Routing Number is: 051036706

The DPM DFI Accounting Number: 303000

Bank Name: Credit Gateway - ACH Receiver

Location: St. Paul, MN

Fedwire Returns

A FedWire return is a return via a WIRE.

You will need the following information:

The DPM FedWire Routing Number: 021030004

The DPM ALC (Agency Location Code): 75010501 – same as account number

Bank Name: Federal Reserve Bank

Treas NYC/Funds Transfer Division

Location: New York, NY

Note: FedWire returns will not be posted to your account until the next business day.

Check Returns

If you choose to return funding via a check; please be sure to use the following information:

Check made payable to: The Department of Health and Human Services

Include on the check: Payee Account Number (PAN)

Grant Document Number / Sub-Account

Mail the Check to: HHS Program Support Center

PO Box 530231

Atlanta, GA 30353-0231

Please include a brief statement explaining the nature of the return, grant number, etc.

Call your DPM Liaison Accountant before you return funds.

Financial Reporting

There are two types of financial reports both are part of the Federal Financial Report or FFR. The FFR is also known as the SF-425. You will not see the form number SF-425 when filling out the FFR, but keep in mind when you are asked to submit the SF-425, it is referring to the FFR. The first is the Federal Cash Transaction Report (FCTR). This report helps reconcile funding drawdowns. The other report is the Federal Status Report (FSR). This report is submitted each project budget year semi annually, annually and 90 days after your project ends. These reports are typically filled out by the person keeping the financial records for the grant. The program person will need to work with the financial person to assure that reporting is accurate for each reporting period. Recipients will fill out both reports in the Payment Management System. We will go into more detail on these report later in this section, including the due dates for each type of grant.

QUARTERLY FCTR REPORT

The FCTR is required quarterly and due on the following dates: January 30, April 30, July 30 and October 30. Failure to submit on time will result in the inability to draw down funds until the report is completed.

SEMI-ANNUAL FFR/FSR REPORT

This report is due twice a year, due dates vary depending on type of grant. Reporting is completed on authorized funding during the current budget year.

ANNUAL FFR/FSR REPORT

The Annual FSR like the second semi-annual FSR will report on the cumulative budget year. Differences may occur when a recipient has unliquidated obligations in the second semi- annual report. It is specifically to finalize all costs for the budget period. These reports will be filled out and submitted the same way the Semi-annual reports were completed.

FINAL FFR/FSR

This is a close out report that is due 90 days after the close of the grant. The report is cumulative for the life of project.

COMPLETING THE FEDERAL CASH TRANSACTION REPORT (FCTR)

- The FCTR is filled out and submitted in PMS. It is important that you print a copy of the submitted form for your files. A copy should be sent to the project director for the project grant file.
- The Federal Financial Report (FFR) consists of both the Federal Cash Transaction Report (FCTR) and the Financial Status Report (FSR).
- The FFR Federal Cash Transaction Report must be filed within 30 days of the end of each of the following quarter period end dates:
 - December 31 (1st Quarter of fiscal year)
 - March 31 (2nd Quarter of fiscal year)
 - June 30 (3rd Quarter of fiscal year)
 - September 29 (4th Quarter of fiscal year)
- Adjustments to cumulative disbursements may be saved (to be completed at a later time BEFORE the deadline date) or certified.
- If the FCTR is not filed before or on the due date, funds will be frozen until the report is been submitted.
- This is an "EXPENDITURE" report. It should be submitted each quarter regardless if you have requested funds via the Payment Management System.

In Box 5, report "CUMULATIVE" expenditures for each grant listed.

Net Quarter Disbursements will automatically calculate at the bottom in the box titled "TOTAL"

Note: The Rec Acct Num column is optional. This is for your use only!

However, PMS will retain this information and it will populate on each quarters report.

Remember this is an expenditure report. You must report ACTUAL expenditures regardless if you have not requested funds.

Grantees must check the "Report Inactive Grant" listing each quarter to ensure that all disbursements on these grants are up-to-date. These grants are still opened in PMS and will remain open until the Awarding Agency takes the necessary action to close them. They are in the list because the last budget period has ended.

COMPLETING THE FINANCIAL STATUS REPORT (FSR)

Recipients complete the report in the Payment Management System. To complete the FSR, you will need to fill out sections 10d through 13e of the FFR.

If the recipient has a multi-year grant, the recipient will only report on those funds provided for that budget period. Do not provide cumulative totals from previous years. The form is on the next two pages. The layout of the form looks different in the PMS system but the data fields require the same information.

Federal Expenditures and Unobligated Balance

- 10d - Total Federal funds authorized this period
- 10e - Federal fund expenditures
Cash basis = the sum of cash disbursements for direct charges
Accrual basis = the sum of cash disbursements for direct charges
- 10f - Unliquidated obligations
Cash basis = obligations incurred, but not yet paid
Accrual basis = obligations incurred, but for which an expenditure has not yet been recorded
- 10g - Sum of lines 10e and 10f
- 10h - Amount of line 10d minus 10g

Chapter 4

UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR FEDERAL AWARDS

UNIFORM ADMINISTRATIVE REQUIREMENTS FOR FEDERAL AWARDS

The purpose of the Office of Management and Budget Guidance in 2 CFR Part 200, which was adopted by the Department of Health and Human Services and codified in 45 CFR Part 75, is to ensure that government funds are used by governments and organizations efficiently and effectively to provide the services and/or goods authorized by the Federal agency that awarded the funds. They also ensure that the governments and organizations financial management systems provide accurate, reliable, and timely financial information to the Federal government.

On August 13, 2020, 2 CFR Part 200 revisions were made to support the President's Management Agenda for enhanced result-oriented accountability for grants. The revisions were effective November 12, 2020. The changes have not been codified into 45 CFR Part 75 to date. This includes new and revised definitions and also changes in the areas of review of risk, de minimis indirect cost rate, procurement standards, and grant closeout. In addition to the changes made 200.215 contains a new requirement to never contract with the enemy.

OVERVIEW OF 45 CFR PART 75

The management of an Administration for Native Americans grant requires a working knowledge of the financial assistance rules and regulations and basic cost contained in 45 CFR Part 75.

Below is a summary of 45 CFR Part 75. It is important that the full regulations be referenced for information about each of the areas covered by the regulations.

The circular is organized as follows:

Part 75 – Subpart A: Acronyms and Definitions

Part 75 – Subpart B: General Provisions

Part 75 – Subpart C: Pre-Federal Award Requirements and Contents of Federal Awards

Part 75 – Subpart D: Post Federal Award Requirements

Part 75 – Subpart E: Cost Principles

Part 75 – Subpart F: Audit Requirements

45 CFR PART 75 – SUBPART A – ACRONYMS AND DEFINITIONS

This section combines the definitions from the administrative requirements and cost principles circulars into a single list. In addition to the definitions detailed in 2 CFR Part 200, HHS has added definitions for awardee, commercial organization, departmental appeals board, excess property, expenditure report, grantee, HHS awarding agency, and principal investigator/program director. Several of the key terms include:

- Expenditure Report. The Federal Financial Report (FFR) for non-construction awards.
- Fixed Amount Awards. A type of grant agreement under which the Federal awarding agency or pass-through entity provides a specific level of support without regard to actuals costs incurred under the Federal award.
- Micro-purchase. A purchase of supplies or services using simplified acquisition procedures, the aggregate amount of which does not exceed the micro-purchase threshold of \$10,000 as established by the Federal Government.
- Pass-through Entity. A non-federal entity that provides a subaward to a subrecipient to carry out part of a Federal program. ANA then details more specific information on pass-through entities.
- Performance Goal. A target level of performance expressed as a tangible, measurable objective (for ANA these are your Objectives identified in your Outcome Tracker), against which actual achievement can be compared, including a goal expressed as a quantitative standard, value, or rate (for ANA these are your Indicator and Targets identified in your Outcome Tracker).
- Principal Investigator/Program Director (PI/PD). The individual designated to direct the project. This position is responsible for the proper conduct of the project and/or activities.
- Protected Personally Identifiable Information. An individual's first name or first initial and last name in combination with any one or more of types of information, including, but not limited to, social security number, passport number, credit card numbers, clearances, bank numbers, biometrics, date and place of birth, mother's maiden name, criminal, medical and financial records, educational transcripts.

45 CFR PART 75 – SUBPART B – GENERAL PROVISIONS

This subpart describes the purpose of Title 45, describing the contents of the remaining subparts, who it is applicable to as well as exceptions. In summary, this section:

- Establishes the uniform administrative requirements, cost principles and audit requirements for Federal awards to non-Federal entities.
- Explains that, in circumstances where the provisions of Federal statutes or regulations differ, the Federal statutes or regulations govern and specifically reference the Indian Self-Determination and Education and Assistance Act.
- States the specific programs that the cost principles do not apply to.
- Allows for exceptions in 75.102 if recommended by the Federal agency and approved by OMB.

The effective date for full implementation was with awards issued after December 26, 2014 and audits of fiscal years beginning on or after December 26, 2014.

Non-Federal agencies must disclose in writing any potential conflicts of interest. Also all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award.

45 CFR PART 75 – SUBPART C - PRE-FEDERAL AWARD REQUIREMENTS AND CONTENTS OF FEDERAL AWARDS

This subpart is primarily addressed to the awarding agency. As such, the following are the responsibility of ANA. These responsibilities span part 75.201 through 75.218. Here is a summary of each relevant section:

75.201 Use of Grant Agreements, Cooperative Agreements, and Contracts

Information on the award instrument which includes grant agreements, cooperative agreement, or contracts. It also allows for fixed amount awards. The Federal agency will determine the appropriate instrument.

75.202 Requirement to Provide Public Notice of Federal Financial Assistance Programs

Requires the Federal awarding agency to notify the public of Federal programs in the Catalog of Federal Domestic Assistance. Specific information must be provided to GSA about the Federal program.

75.203 Notices of Funding Opportunities

Requires a public notice of funding opportunities for competitive grants and cooperative agreements.

75.204 Federal Awarding Agency Review of Merit Proposals

Requires the Federal awarding agency to design and execute a merit review process for applications for competitive grants or cooperative agreements.

75.205 Federal Awarding Agency Review of Risk Posed by Applicants

Requires the Federal awarding agency to conduct a review of risk posed by applicants. The Federal agency may use a risk-based approach and may consider any items such as:

- Financial stability;
- Quality of management systems and ability to meet the management standards;
- History of performance;
- Reports and findings from audits; and
- Applicant's ability to effectively implement statutory, regulatory, or other requirements.

Toolkit Page 18
Activity 10

75.206 Standard Application Requirements

Including forms for applying for HHS financial assistance, and state plans.

75.207 Specific Award Conditions

Provides authorization to impose specific award conditions as needed for applicants with a history of failure to comply with terms and conditions of a Federal award, fails to meet expected performance goals, or otherwise not responsible.

75.211 Public Access To Federal Award Information

Implements the statutory requirement for Federal spending transparency which requires the Federal awarding agency to announce all Federal awards publicly and publish on the OMB designated website. Currently <http://USAspending.gov>.

75.213 Suspension and Debarment

These regulations restrict awards, subawards and contracts with certain parties that are debarred, suspended or otherwise excluded from or ineligible for participation in Federal assistance programs or activities.

75.218 Participation by Faith-Based Organizations

The funds must be administered in compliance with the standards in 45 CFR Part 87.

45 CFR PART 75 – SUBPART D – POST AWARD REQUIREMENTS

This section of the code is primarily focused on the expectations of the grant recipient in carrying out their role and responsibilities while managing Federal funds. Here, we've summarized the relevant parts from 75.301 through 75.403. We've also included suggestions on how to apply these requirements to your own internal practices. Many of these are further explored in the Toolkit on the pages noted for each.

75.301 Performance Measurement

The Federal awarding agency must require the recipient to relate financial data to performance accomplishments of the Federal award.

When applicable, recipients must also provide cost information to demonstrate cost effective practices.

The recipient's performance should be measured in a way that will help the Federal awarding agency and other non-Federal entities to improve program outcomes, share lessons learned, and spread the adoption of promising practices.

**Toolkit Page 19
Activity 11**

75.302 Financial Management

The financial management system must provide for:

- Retention, methods of transfer, transmission and storage of information.
- Identification, in its accounts, of all Federal awards received and expended and the Federal programs under which they were received.
- Accurate, current, and complete disclosure of financial results of each Federal award or program.
- Records that identify adequately the source and application of funds.
- Effective control over, and accountability for, all funds, property, and other assets.
- Comparison of expenditures with budget amounts.

- Written procedures to implement the payment requirements.
- Written procedures for determining whether costs are allowable (allowability of costs) in accordance with the generally accepted cost principles

Toolkit Page 21
Activity 12

75.303 Internal Controls

The non-Federal entity must establish and maintain effective internal control over the Federal award which is in compliance with guidance in “Standards for Internal Control in the Federal Government”.

Toolkit Page 23

Additional Information About Internal Controls that is Not Part of the Regulations.

The Standards for Internal Control in the Federal Government are classified into the following components of internal control:

1. Control Environment

Principle 1: Demonstrate Commitment to Integrity and Ethical Values which encompasses having established standards of conduct and adhering to the standards of conduct.

Principle 2: Exercise Oversight Responsibility which is oversight of the internal control system and procedures for remediation of deficiencies.

Principle 3: Establish Structure, Responsibility, and Authority Organizational Structure by assigning responsibility and delegation of authority documentation of the internal control system.

Principle 4: Demonstrate Commitment to Competence through ensuring that all staff have the skills to ensure the integrity of the control system and there are contingency plans for the organization.

Principle 5: Enforce Accountability: The organization ensures that established procedures are followed by everyone.

2. Risk Assessment

Principle 1: Define Objectives and Risk Tolerances. This includes having specific and measurable terms and potential risks and designing the system as such.

Principle 2: Identify, Analyze, and Respond to Risks. The organization defines potential risks in the first principle and then must have procedures in place which clearly identifies and responds to risks if they occur in operations.

Principle 3: Assess Fraud Risk which would involves analyzing operations and determining potential vulnerable areas that are at risk for fraud and ensuring appropriate procedures are in place such as misappropriation of assets.

Principle 4: Identify, Analyze, and Respond to Change which involves always being aware of changes in the organizational structure or requirements that would trigger making appropriate changes to the internal control system.

3. Control Activities

Principle 1: Design Control Activities that are policies and procedures to achieve objectives and respond to risks in the internal control system. The control activities should be appropriate and address various levels. They also must ensure a segregation of responsibilities.

Principle 2: Design Activities for the Information System. The information system would include the control activities for the information technology infrastructure, security management, and also technology acquisition, development, and maintenance.

Principle 3: Implement Control Activities which is the documentation of responsibilities through policies and periodic review of the control activities.

4. Information and Communication

Principle 1: Use Quality Information. Quality information is the identification of information requirements, getting data from reliable sources, and processing the data into quality information.

Principle 2: Communicate Internally. Internal communication is key to effective internal control and communication should be to everyone within the organization. Also important is appropriate methods of communication.

Principle 3: Communicate Externally. As with internal communication it is important to determine the information to share externally and the appropriate

methods of communication to be used.

5. Monitoring

Principle 1: Perform Monitoring Activities. Monitoring is important as things change and the internal control system needs respond to current operations.

Principle 2: Evaluate Issues and Remediate Deficiencies. In monitoring you might find that the current system is not producing the results anticipated and the controls need to be changed to meet the objectives of the internal control system.

75.305 Payments

Payments must minimize the time elapsing between the transfer of funds from the Federal government and the disbursement of funds.

Payments must be paid in advance, provided the non-Federal entity maintains written procedures that minimize the time elapsing between the transfer of funds and disbursement and systems that meet the standards for fund control and accountability.

Reimbursement is the preferred method when the requirements cannot be met.

If the non-Federal entity does not meet standards but cannot operate without an advance a working capital advance may be made available.

Rebates, refunds, contract settlements, audit recoveries, and interest must be used first before requesting an advance.

All advances must be placed in an interest-bearing account unless the non-Federal entity receives less than \$120,000 in Federal awards, interest earned would not exceed \$500 per year, depository requires a high average or minimum balance, or a foreign government or banking system prohibits or precludes interest bearing accounts.

The first \$500 of interest earned may be retained for administrative expenses.

Toolkit Page 23

75.306 Cost Sharing or Matching

Cost sharing or matching must meet the following requirements:

1. Verifiable from the non-Federal entity's records,

2. Not included as contributions for any other Federal award,
3. Necessary and reasonable for accomplishment of project objectives,
4. Allowable under the cost principles,
5. Not paid by the Federal government under another Federal award, except where the Federal statute authorizes use of funds for cost sharing or matching,
6. Provided for in the approved budget

The regulations contain additional information on the valuation of donated services, property, indirect costs, land, and equipment.

Toolkit Page 23
Activity 13

75.307 Program Income

Program income is defined as gross income earned by the non-Federal entity that is directly generated by a supported activity or earned as a result of the Federal award during the period of performance.

Proceeds from the sale of real property or equipment are not program income; such proceeds will be handled in accordance with the post federal award requirements.

There are three methods for treatment of program income:

1. Deduction
2. Addition
3. Cost sharing or matching

The HHS Grants Policy Statement goes into further detail on the use of program income alternatives in Exhibit 7. If the Federal award does not specify in its regulations or terms and conditions of the Federal award, the program income will be deduction.

ALTERNATIVE	USE OF PROGRAM INCOME
Additive	Added to funds committed to the project or program and used to further eligible project or program objectives
Deductive	Deducted from total allowable costs of the project or program to determine the net allowable costs on which the Federal share of costs will be based
Matching	Used to satisfy all or part of the non-Federal share of a project or program
Combination	Uses all program income up to (and including) \$25,000 as specified under the additive alternative and any amount of program income exceeding \$25,000 under the deductive alternative

TABLE 16: USE OF PROGRAM INCOME ALTERNATIVES

For Institutions of Higher Education or non-profit research institutions if not specified the program income will be addition.

If addition or cost sharing or matching methods are authorized, any program income in excess of any amounts specified must also be deducted from expenditures.

There are no Federal requirements governing the disposition of income earned after the end of the period of performance for the Federal award unless the Federal awarding agency regulations or the terms and conditions of the Federal award provide otherwise.

Toolkit Page 25

NOTE: ANA always uses the addition method for treatment of program income.

75.308 Revision of Budget and Program Plans

The budget must be related to performance for program evaluation purposes when appropriate. For non-construction Federal awards, recipients must request prior approvals for the following:

- *Change in the scope or the objective of the project*
- *Change in key personnel*
 - Disengagement from the project for more than three months, or a 25 percent reduction in time devoted to the project by the approved project director or principal investigator
- *Costs requiring prior approval as defined in the cost principles*
- *Transfer of funds budgeted for participant support costs.* Participant support costs are defined as direct costs for items such as stipends or subsistence allowances, travel allowances, and registration fees paid to or on behalf of participants or trainees in connection with conferences, or training projects
- *Transfer or contracting out of any work under the Federal award unless described in the application and funded in the approved Federal award.* This does not apply to acquisition of supplies, material, equipment or general support services
- *Changes in the amount of approved cost-sharing or matching*
- *A fixed amount sub-award as described in 75.353*
- *The recipient wishes to dispose of, replace, or encumber title to real property, equipment, or intangible property that was acquired or improved with a Federal award*
- *Federal awarding agencies may waive certain prior approvals*
- *Incurring costs 90 days prior to award*
- *Initiation of a one-time extension of the period of performance by up to 12 months*
- *Carry forward unobligated balances to subsequent periods of performance*
- *The HHS awarding agency may, at its option, restrict the transfer of funds among direct cost categories or programs, functions and activities if the amount exceeds \$150,000 or 10% of the total budget amount (ACF uses 25% instead of 10% for the ceiling for transfers)*

- *The need for additional funds*

75.309 Period of Performance

Costs may be charged only during the period of performance or 90 days prior to the period of performance if authorized by the Federal awarding agency.

75.310 Insurance

Must be the equivalent of coverage as provided to property owned by the non-Federal entity.

75.316 Real Property

Will be used for the originally authorized purpose. When no longer needed must secure disposition instructions from the Federal awarding agency.

75.319 Federally Owned and Exempt Property

Title to Federally-owned property remains vested in the Federal Government, and the non-Federal entity must submit an inventory of the property in its custody, annually. Exempt Property is property acquired under a Federal award that has explicit terms and conditions detailed in the Federal award.

75.320 Equipment

- Title will vest with the non-Federal entity.
- Equipment must be used by the non-Federal entity in the program or project for which it was acquired as long as needed.
- When no longer needed by project or program it can be used in the following ways:
 - o Activities under Federal award from the Federal awarding agency which funded the original project,
 - o Activities under Federal awards from other Federal awarding agencies
- The non-Federal entity must make the equipment available for use on other projects or programs provided that such use does not interfere with the work on the projects or program for which it was originally acquired

- Equipment cannot be used to provide services for a fee that is less than private companies charge for equivalent services
- When acquiring replacement equipment, the non-Federal entity may use the equipment to be replaced as a trade-in
- There must be written procedures for managing and maintenance of equipment
- Property records must include the following:
 - o Description of property
 - o Serial number
 - o Source of funding
 - o Who holds title
 - o Acquisition date
 - o Acquisition cost
 - o Percentage of Federal participation
 - o Location
 - o Use and condition
 - o Ultimate disposition
- A control system must be developed to safeguard the equipment
- *Disposition of equipment:*
 - o Equipment with a current fair market value of \$5,000 or less may be retained, sold or otherwise disposed of with no further obligations to the Federal awarding agency
 - o Equipment with a fair market value of \$5,000 or more the non-Federal agency must secure disposition instructions. If instructions are not received in 120 days, the regulations detail how to handle the disposition

Toolkit Page 26

75.321 Supplies

Title to supplies upon acquisition vest with the non-Federal entity upon acquisition. If the residual inventory of unused supplies exceeds \$5,000 upon completion or termination of project and not needed for other Federal awards,

the non-Federal entity must compensate the Federal government for its share.

If the Federal government retains an interest in the supplies, they cannot be used to provide services for a fee that is less than private companies charge for equivalent services.

[Toolkit Page 26](#)

75.322 Intangible Property

Intangible property is defined as property having no physical existence, such as trademarks, copyrights, patents and patent applications and property, such as loans, notes and other debt instruments, lease agreements, stock and other instruments of property ownership.

Title to intangible property acquired under a Federal award vests upon acquisition in the non-Federal entity.

There are a number of conditions about use, please read the regulations if applicable.

[Toolkit Page 26](#)

PROCUREMENT STANDARDS

75.327 General Procurement Standards

- Non-Federal entity must use its own documented procurement procedures
- Must maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders
- Must maintain written standards of conduct covering conflicts of interest and governing the performance of its employees engaged in the selection, award and administration of contracts
- Must maintain written standards of conduct covering organizational conflicts of interest
- Procedures must avoid acquisition of unnecessary or duplicative items
- Non-Federal entity is encouraged to enter into state and local intergovernmental agreements or inter-entity agreements where applicable

- Encouraged to use Federal excess and surplus property
- Encouraged to use value engineering clauses in contracts for construction projects
- Must award contracts only to responsible contractors possessing the ability to perform successfully
- Must maintain records sufficient to detail the history of the procurement
- Can only use time and materials contracts if no other contract is suitable

75.328 Competition

All procurement transactions must be conducted in a manner providing full and open competition.

75.329 Methods of Procurement to be Followed

- *Micro-Purchases.* Micro-purchase is the purchase of supplies which do not exceed the Federal government threshold for micro-purchase which is currently \$10,000 in the aggregate. They may be awarded without soliciting competitive quotations if the price is reasonable.
- *Small Purchase Procedures.* Small purchase procedures cannot exceed the Federal Simplified Acquisition Threshold. Price or rate quotations must be obtained from an adequate number of qualified sources. The Federal Simplified Acquisition Threshold is currently \$250,000.
- *Sealed Bids.* The following conditions must exist for sealed bids to be feasible:
 - o A complete, adequate, and realistic specification is available
 - o Two or more responsible bidders are able to compete
 - o The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price

The following requirements apply:

1. The invitation for bids (IFB) will be publicly advertised and solicited from an adequate number of suppliers

2. The IFB will include any specifications and pertinent attachments
 3. All bids will be publicly opened
 4. A firm fixed price contract will be made in writing to the lowest responsive and responsible bidder
 5. Any or all bids may be rejected for documented reason
- **Competitive Proposals.** Competitive proposals are used when conditions are not appropriate for the use of sealed bids. The following conditions apply:
 - o Must be publicized and identify all evaluation factors and their relative importance
 - o Solicited from an adequate number of qualified sources
 - o Must have a written method for conducting technical evaluations and selecting recipients
 - o Awarded to the firm whose proposal is most advantageous to the program, with price and other factors considered
 - **Non-Competitive Proposals.** Solicitation through only one source. May be used only when the following circumstances apply:
 - o Item is available only from a single source
 - o Public exigency or emergency will not permit a delay
 - o Authorized by the funder
 - o After solicitation of a number of sources, competition is determined inadequate

Toolkit Page 27
Activity 14

75.330 Contracting with Small and Minority Businesses, Women's Business Enterprises, and Labor Surplus Area Firms

The non-Federal entity must take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

75.331 Procurement of Recovered Materials

Procuring only items designated in guidelines of the Environmental Protection Act that contain the highest percentage of recovered materials practicable.

75.332 Contract Cost and Price

The non-Federal entity must perform a cost or price analysis in connection with every procurement action in excess of the Simplified Acquisition Threshold.

75.333 Federal Awarding Agency or Pass-Through Entity Review

The non-Federal entity must make available procurement documents when requested, or when:

- The procurement procedures or operations fail to comply with procurement standards
- Is to be awarded without competition
- Specifies a “brand name”
- Is awarded to other than the apparent low bidder under a sealed bid procurement
- A proposed modification changes the scope of the contract amount

The non-Federal entity may request that its procurement system be reviewed by the Federal awarding agency or the non-Federal entity may self-certify its procurement system.

75.334 Bonding

This section is specific to construction or facility improvement contracts and subcontracts. ANA does not allow for construction projects. Please read the regulations, if applicable.

75.341 Financial Reporting

The current OMB financial report is the Federal Financial Report or the SF-425. The report can be required no less frequently than annually and no more frequently than quarterly without OMB approval.

75.342 Monitoring and Reporting Program Performance

The non-Federal entity is responsible for oversight of the operations of the Federal award supported activities to assure compliance with requirements and performance expectations are being achieved. This must cover each activity.

The performance reports must have OMB approval. Performance reports will be required no less frequently than annually and no more frequently than quarterly without OMB approval. Annual reports will be due 90 calendar days after the reporting period and quarterly or semiannual reports will be due 30 calendar days after the reporting period.

75.343 Reporting on Real Property

The non-Federal entity is required to report at least annually on any tangible personal property (e.g., equipment with a unit cost of \$5,000 or more). A Final SF-428 report should be submitted within 90 days from the end of the project period.

75.352 Requirements for Pass-Through Entities

Ensure that every subaward is clearly identified to the subrecipient as a subaward and includes such identification as: Subrecipient name, FAIN, award date, amount, description, and so on.

75.353 Fixed Amount Sub awards

With prior written approval from the HHS awarding agency, a pass-through entity may provide subawards based on fixed amounts up to the Simplified Acquisition Threshold, provided that the subawards meet the requirements for fixed amount awards.

75.361 Retention Requirements for Records

All records and supporting documents must be retained for three years from the date of submission of the final expenditure report or for awards that are renewed quarterly or annually from the date of the submission of the quarterly or annual financial report.

If any litigation, claim, or audit is started before the expiration of the three-year period the records must be retained until resolved. Also, if the awarding

agency notifies the non- Federal entity in writing to retain records.

Property and equipment records must be retained for three years after final disposition.

[Toolkit Page 28](#)

75.363 Methods for Collection, Transmission and Storage of Information

There are a number of requirements for records collection, transmission, and storage. Also refer to Access to Records in 75.364

75.371 Remedies for Noncompliance

A non-Federal entity that fails to comply with Federal statutes, regulations, or the terms and conditions, the HHS awarding agency or pass-through entity may impose additional conditions.

75.372 Termination

[Toolkit Page 28](#)

The awarding agency may terminate an award if the non-Federal entity fails to comply with the terms of the Federal award, mutual consent is reached, if written notification is sent, or if there is cause.

75.381 Closeout

The awarding agency will close-out the Federal award when all applicable administrative actions and required work is completed. This includes submitting reporting and liquidating all obligations.

45 CFR PART 75 – SUBPART E – COST PRINCIPLES

75.401 Application

The principles must be used in determining the allowable costs of work performed by the non-Federal entity under Federal awards.

75.402 Composition of Costs

The total cost of a Federal award is the sum of the allowable direct and indirect costs. For ANA's purposes, this is the Federal request in your approved Notice of Grant Award (NGA) and line-item budget.

75.403 Factors Affecting Allowability of Costs

- Must be necessary and reasonable

- Conform to any limitations or exclusions in the cost principles or the federal award
- Be consistent with policies and procedures
- Be accorded consistent treatment
- Be determined in accordance with generally accepted accounting principles
- Not included as a cost or used to meet cost sharing or matching requirements of any other federally financed program
- Be adequately documented

The regulations also address direct and indirect costs and cost allocation plans. 75.416 states the special considerations for States, Local Governments and Indian Tribes and discusses cost allocation plans and indirect cost proposals.

45 CFR PART 75 – SUBPART F – AUDIT REQUIREMENTS

75.501 Audit Requirements

A non-Federal entity that expends \$750,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single or program specific audit conducted for that year.

75.504 Frequency of Audits

Audits required by this part must be conducted annually with the following exceptions:

- An Indian tribe that is required by constitution or statute, in effect on January 1, 1987, to undergo its audits less frequently than annually, is permitted to undergo its audits pursuant to this Part biennially.
- Any nonprofit organization that had biennial audits for all biennial periods ending between July 1, 1992 and January 1, 1995 is permitted to undergo its audits pursuant to this Part biennially.

75.512 Report Submission

The audit must be completed and the required data collection form and reporting package must be submitted within the earlier of 30 calendar days after receipt of the auditor's report or nine months after the end of the audit period.

NOTE: The management of an ANA grant requires a working knowledge of the financial assistance rules and regulations and basic cost principles of HHS. HHS rules and regulations are contained in Title 45 of the Code of Federal Regulations (45 CFR). More detailed information on how HHS implements the CFRs is in the Grants Policy Statement available at: <https://www.hhs.gov/sites/default/files/grants/grants/policies-regulations/hsgps107.pdf> in the middle of the page under Certifications..

CONCLUSION

Congratulations on your ANA grant. We hope the information in this manual is helpful in the management and reporting of your ANA project. ANA has a variety of resources available to help you during the course of your project.

ANA believes community members are at the heart of lasting and positive change and community involvement is central to designing and implementing a successful project. The ANA website includes success stories, a growing resource library, and guides for new recipients.

Please review the ANA website at <https://acf.hhs.gov/ana>.

ANA also has regional training and technical assistance centers. These centers are staffed by training and technical assistance (TTA) providers with extensive experience managing and implementing community development projects. Contact information for the centers can be found on the back cover of this manual.

Good luck on your new project and let your Program Specialist or TTA provider know if you have any questions.

APPENDIX 2

ANA DEFINITIONS

Authorizing Official: The individual, named by the applicant/recipient organization, who is authorized to act for the applicant/recipient and to assume the obligations imposed by the federal laws, regulations, requirements and conditions that apply to grant applications or awards. Usually the Chairman, Chief, Governor, President or Executive Director of the Tribe or Organization.

Budget Justification: A narrative that provides information to ANA which validates that each expense is necessary and reasonable. The budget justification will explain how the cost was calculated and provide additional information about each expense.

Budget Period: The interval of time (usually 12 months) into which a project period is divided for budgetary and funding purposes. Funding of individual budget periods sometimes is referred to as “incremental funding.” The budget period also is the “period of funding availability” as specified in 45 CFR Part 75.

Community Assessment: A systematic process to acquire an accurate, thorough picture of the strengths and weaknesses of a community. This process is utilized to help identify and prioritize goals, develop a plan for achieving those goals, and allocate funds and resources for undertaking the plan. A community assessment can be conducted to identify community condition(s), define which condition a project will address, and identify resources that can be used in the project to reduce or eliminate the community condition.

Community Involvement: How the community participated in the development of the proposed project and how the community will be involved during the project implementation and after the project is completed. Evidence of community involvement can include, but is not limited to, certified petitions, public meeting minutes, surveys, needs assessments, newsletters, special meetings, public council meetings, public committee meetings, public hearings, and annual meetings with representatives from the community.

Community-Based Projects: Projects designed and developed in the community, by the community. Community-based projects involve tapping into local needs, understanding and building on the strengths of existing institutions and resources, and defining the changes needed to support community action. They reflect the cultural values; collective vision; and long-term governance, social, and economic development goals of Native communities.

Community Based Strategies: A strategy which relates the proposed project to a long-term community goal, justifies why the proposed project is important to the long-term community goal, and describes how the community was involved in identifying the project as a means to achieve the long-term community goal.

Community Condition: A specific and current community condition that is related to the purpose of the project. Sufficient detail should be included to describe the baseline condition for the project, so that the achievement of the project goal and outcomes can be used to show an enhancement in the condition described.

Comprehensive Plan: A document developed by the community that lists the community's long-term goals. The plan should include benchmarks that measure progress towards achieving those goals. Comprehensive plans usually require at least a year to complete and cover a five- to ten-year time span.

Construction: Construction of a new building, including the installation of fixed equipment, but excluding the purchase of land and ancillary improvements, for example, parking lots or roads.

Contingency Plan: A set of specific actions to reduce anticipated negative impacts on a project in the event challenges arise.

Core Administration: Salaries and other expenses for those functions that support the applicant's organization as a whole or for purposes unrelated to the actual management or implementation of the ANA-funded project.

Federal Share: Financial assistance provided by ANA in the amount of 80 percent of the total approved costs of the project. The Commissioner may approve assistance in excess of such percentage if such action is in furtherance of the purposes of the Native American Programs Act of 1974 (NAPA), 42 U.S.C. 2991b.

Governing Body: A body: (1) consisting of duly elected or designated representatives, (2) appointed by duly elected official, or (3) selected in accordance with traditional tribal means. The body must have authority to enter into contracts, agreements, and grants on behalf of the organization or individuals who elected, designated, appointed, or selected them.

Equipment: An article of nonexpendable, tangible personal property, having a useful life of more than one year and an acquisition cost that equals or exceeds the lesser of: (a) the capitalization level established by the organization for the financial statement purposes, or (b) \$5,000.

Evaluation: Involves assessing the strengths and weaknesses of programs, policies, personnel, products, and organizations to improve their efficiency and effectiveness. Project evaluation measures the efficiency and effectiveness of a project and determines the level of achievement of the project objectives.

Indicators: Measurement descriptions used to verify the impact or the achievement of the project goal. Indicators must be quantifiable and documented. Indicators include target numbers and tracking systems. ANA requires one indicator per objective.

Line Item Budget: The detailed cost presentation for the project. The line item budget must be reasonable and tied to the project objectives and work plan.

Leveraged Resources: Any resource not including the Federal share, non-Federal contribution, and program income, expressed as a dollar figure, acquired or utilized during the project period that supports the project. Leveraged resources may include natural, financial, personnel, and physical resources provided to assist in the successful completion of the project.

Long-Term Community Goal: A goal that has been identified by a community through surveys, community meetings, or a strategic plan.

Milestone Activities: The main activities ordered in a sequential manner which become the building blocks to accomplish the objectives. These activities have a definite start and end date. ANA has limited these to a maximum of 25 activities per objective (per budget period), excluding administrative functions such as attending ANA mandatory meetings and reporting.

Minor Alterations and Renovations: A minor renovation or alteration is distinguished from construction and major renovations with the following characteristics;

- Work that changes the interior arrangements or other physical characteristics of an existing facility or installed equipment so that it may be more effectively used for its current designated purpose or adapted to an alternative use to meet a programmatic requirement.
- Costs may not exceed \$250,000 or 25 percent of the total approved budget for a budget period.

New construction, development or repair of parking lots, or activities that would change the “footprint” of the facility (for example relocation of existing exterior walls or roofs) would not be allowable.

Non-Federal Share (NFS): Financial amount provided by recipient in the amount of 20 percent of the total approved costs of the project. Non-Federal Share is the value of cash and non-cash contributions directly benefiting a grant-supported project or program not borne by the Federal Government. Recipient contributions may be derived from any non-Federal source; from Federal sources if received as fees, payments, or reimbursements for the provision of a specific service; or from other program income. Otherwise, unless there is specific statutory authority, Federal funds may not be used to match HHS grant funds.

OTHER TERMS OFTEN UTILIZED TO IDENTIFY NFS INCLUDE MATCHING, COST SHARING AND IN-KIND SERVICES.

Objective: A statement of the specific outcomes or results to be achieved within the project period which directly contribute to the achievement of the project goal and support the community’s long-range goal.

Ongoing Progress Report (OPR): The semi-annual form used by recipients to report project progress to ANA. The OPR includes several sections, including work plan status, activity completion dates, staffing, and financials.

Objective Work Plan (OWP): The plan for achieving the project objectives and producing the outcome expected for each objective. The OWP is the blueprint for the project and includes the project goal, objectives, and

activities. The form can be found at: <http://www.acf.hhs.gov/programs/ana/resource/objective-work-plan>

Online Data Collection System (OLDC): An electronic reporting system that houses the Ongoing Progress Report. Access to the OLDC is found through GrantSolutions.gov.

Outcomes: Measurable, beneficial changes that result from the project and are directly tied to the Objectives.

Outcome Tracker: A tool used to identify the outcomes and indicators of each objective which provide benchmarks for 4 points in time: baseline, end of project year, end of project period, and 3-year post project; as well as lists project outputs.

Outcome Tracking Strategy: A narrative which explains when and how the project will collect and manage data, and if the applicant organization will use, develop and/or improve a data management system to collect and assess project data.

Outputs: Outputs are tangible products or services that result from actions taken to achieve project objectives.

Partnerships: A collaborative effort between two or more parties that will support the development and implementation of the project.

Program Income: Means gross income earned by a non-Federal entity that is directly generated by a supported activity or earned as a result of the Federal award during the period of performance except as provided in 45 CFR Part 75.307.

Project: A set of activities with a start and end date that will accomplish measurable objectives, achieve a project goal and are funded by a budget.

Project Approach or Strategy: The plan of action the project will take to successfully achieve its goal and objectives.

Project Goal: The specific result or purpose expected from the project and

achieved through the project objectives and activities.

Project Period: The total time for which federal support has been programmatically approved as shown in the Notice of Award; however, it does not constitute a commitment by the federal government to fund the entire period.

Project Planning: The process used to create a plan of action that will reduce or eliminate a condition that stands between the community and a long-term goal and determines the costs associated with implementation of that plan.

Project Steering Committee: A consultant committee that includes a cross-section of people, such as: community members, potential beneficiaries, agency leadership, staff and partner organizations that coordinate project planning, oversee project implementation and assist with project evaluation.

Real Property: Land, including land improvements, structures, and added fixtures thereto, excluding movable machinery and equipment.

Stakeholder: A stakeholder (or interest group) is someone who has something to lose or gain through the outcomes of a project.

Standard Form 425 (SF 425): A required Office of Management and Budget financial reporting form to track the status of financial data tied to a Federal grant award.

Strategic Plan: A plan to realize a priority long-term goal through development and implementation of two or three strategic initiatives in a three to five-year period.

Sustainability Plan: A narrative description of how a project and its benefits will continue after grant funding is complete.

Sustainable Project: Ongoing project operation through such strategies as routinization, revenue generation or leveraged resources.

Total Project Cost: In a project budget, the sum of the federal request amount and the non-federal share.

APPENDIX 3

SUCCESSFUL PROJECT STRATEGIES

ANA seeks to fund community development projects that reflect the cultural values, collective vision, and long-range development goals of native communities. ANA supports this approach because community involvement in both the planning and implementation phases is a key factor in achieving project success. In addition to strong community involvement in the planning and implementation of a project, successful projects share many common characteristics. During impact visits, recipients are provided an opportunity to share with ANA the best practices learned during the implementation of their project. No categories or lists are provided by ANA, rather recipients simply give open comments on what useful information and effective techniques were utilized that may be of use to other recipients implementing similar types of projects.

THE SEVEN MOST FREQUENT BEST PRACTICE SUGGESTIONS FROM RECIPIENTS ARE:

1. Form Partnerships and Collaborations;
2. Ensure Community Support Throughout;
3. Market / Share Project Successes with Community;
4. Project Activities Should Be Culturally Appropriate;
5. Project / Staff Flexibility is Key;
6. Hire Motivated and Competent Staff; and
7. Have Organized / Standardized Record-keeping.

All projects encounter challenges. During the impact visits, recipients are asked to list and discuss the challenges encountered during implementation.

The eleven most common challenges reported by the recipients are:

- Staff turnover;
- Late start;
- Overambitious project scope;
- Geographic isolation and travel related issues;
- Lack of expertise;
- Challenges with ANA processes;
- Underestimated project cost;
- Underestimated personnel needs;

- Partnership fell through;
- Lack of community support during implementation; and
- Hiring delays.

To expand the best practices and challenges noted above, quotes from ANA recipients regarding their best practices and challenges are below, broken down by project stage and then by program area. The following information is not necessarily the views of ANA, but recipient- provided information.

RECIPIENT'S BEST PRACTICES BY PROJECT STAGE

Project Management

PARTNERS

- Build partnerships early and learn the key players. Know who to invite to the process.
- Partner and collaborate with programs of a similar mission to learn best practices.
- Find the right partners, involve stakeholders in the project design, focus your project on a specific target population.
- Project must be designed to be flexible and adaptable to partner needs.
- Be willing to share your deliverables.
- Find resources that are already established and tap into them as much as possible.
- Manage partner relationships well and with care: you should recognize partners with letters and cards. You should go to lunch with them and visit them. Talk to them when you don't even want anything from them!

STAFFING

- Work with/Hire a dedicated and motivated staff that will not waver in their commitment to the project goal.
- Understand the skill sets of your current staff.
- Find a project director that is dedicated to the administrative side of project implementation (i.e. time cards, scheduling, logistics, meetings, etc.) rather than only being focused on the programmatic side.
- In order to deal with staff turnover, make sure that all staff provides materials and training for transition so that if someone leaves, the new person will be prepared.

- Ensure stable staffing pattern by hiring qualified, passionate and culturally knowledgeable personnel.
- To ensure project activities are accomplished, write them into the responsible staff person's annual performance plan.

COMMUNITY SUPPORT/INVOLVEMENT

- Ensure you have face time with people, not just emails and phone calls.
- Create an atmosphere of communication and collaboration by including the community in the implementation process.
- Conduct a preliminary survey in the community where you will implement the project to ensure there is not opposition.
- Provide incentives for project involvement and participation: gift certificates, hotel nights, free daycare for project events, etc.
- Maintain humility in conversations with community members and continue to strive to serve the community rather than impose ideas upon the community.
- Manage volunteers as if they were paid staff (i.e. be organized with their schedules and planning their daily activities – make sure everyone stays busy). Be respectful of volunteers' time.
- Treat elders as experts and allow them their say to set the path for project implementation.
- Take tribal elections into account and do not plan a project during an election year.
- Be open to criticism to make your project better.

ADMINISTRATIVE

- Review the OWP as much as possible during the project.
- Realize that everything is a step-by-step process.
- Find ways of overcoming any obstacles. They will happen, so expect them.
- Be flexible and adaptable as an agency; be able to reinvent yourself quickly
- Make sure infrastructure is in place before undertaking your project.
- Record keeping and project documentation are very important.
- Be proactive in your project's evaluation.
- Be sustained by the nobility of the purpose.
- Trainings should be adapted to suit native people's needs and should be culturally relevant.
- Focus on one thing, don't spread yourself too thin.

- Have a project staff communication plan in place and follow it.
- Record the progress and achievements of your project in a well-designed monograph. It will help you to educate others about your work and will serve as a marketing tool for future efforts.

FINANCIAL MANAGEMENT

- Track all financial activities and keep financial documents (i.e. leveraged resources and NFS) well-organized.
- Be as clear as possible at the outset of the project regarding the definitions of supplies and equipment.
- Keep track of your Non-Federal Share (NFS) on a monthly basis.
- When directly related to project activities, food is an allowable cost. Use it! (Note to recipients: Be sure to read HHS policy on when food is an allowable cost. Food costs are subject to a series of conditions.)
- Compact all contracting and subcontracting into one general contract, then let the contractor handle the details for each of the subcontracting jobs. This should save time and headaches.

MARKETING BEST PRACTICES

DURING IMPACT VISITS IN 2008, ANA'S DEPARTMENT OF POLICY, PLANNING, AND EVALUATION (DPPE) BEGAN GATHERING INFORMATION ON EACH RECIPIENT'S THREE BEST MARKETING PRACTICES, RANKED IN ORDER. DPPE LOOKED AT THE TYPE OF MARKETING STRATEGY USED BY EACH RECIPIENT AND COMPARED THEM TO WHETHER THE RECIPIENT REPORTED CHALLENGES WITH COMMUNITY SUPPORT DURING IMPLEMENTATION.

THE TOP THREE MARKETING STRATEGIES FOR ALL PROJECTS THAT RECEIVED IMPACT VISITS ARE ESSENTIALLY THE SAME:

- NEWSPAPERS
- FLIER/BROCHURES
- WORD OF MOUTH

SUSTAINABILITY STRATEGIES

What Is Needed For Sustainability?

- Community is key to the entire project and development: Having a community driven, community informed and community involved project is of utmost important when developing a proposal plan.
- Strong community ownership.
- Training local trainers.
- Incentives.

- Have non-profit status.
- Local entrepreneurship.
- Have a Business plan.
- Focus on strengths.
- Volunteers.
- Valid Market.
- Outside revenue streams.
- Committed and diversified partnerships
- Dedicated Staff.
- Long-term vision.
- Have defined short term and long-term goals.
- Have an effective planning process.
- Passion.
- Politicking – networking.
- Financial Plan and Budget. Good financial systems and accountability.
- Contingency Plans.
- Policies, procedures, guidelines on operations, human resources, etc.
- Good management and leadership.
- Offer meals and food.
- Recognition and celebrations.
- Interoperability.
- Visibility, flexibility, adaptability, accountability
- Documentation of impact.
- Continued goals and objectives.
- Project evaluation.
- Political will.
- Wealthy friends.
- Get the youth involved.
- Public education/marketing.
- Staff training.

How Do You Achieve Programmatic Sustainability?

- Do a community assessment.
- Write and use a strategic plan.
- Have powerful friends.
- Strong Partnerships.
- Credential your teachers.
- Teach financial literacy.

- Look into doing Community Supported Agriculture (CSAs).
- Mentoring/training of personnel, community and youth.
- Promote positive thinking and doing.
- Written curriculum for participants/trainers/and with DVDs, etc.
- Employee buy-in and community assurances.
- Focus on limiting staff turn-over.
- Strong evaluation and data collection.
- Have political allies/support and mobilize.
- Good facilities and have a backup plan if not.
- High expectations and standards.
- Having core values and vision.
- Have incentives and recognition.
- Culture-spirit driven.

HOW DO YOU ACHIEVE POLITICAL SUSTAINABILITY?

- Establish personal connections with partners and community.
- Have benchmarks and demonstrated results to gain credibility.
- Invite stakeholders to celebrations of success (keeps motivation high).
- Recognize partner contributions.
- Being a reliable and valuable partner.
- Identifying stakeholders.
- Valuing diversity in partnerships.
- Clear communication.
- Building Relationships and Trust.
- Well planned agendas.
- Re-evaluating partnerships.

FINANCIAL SUSTAINABILITY

- Identify and Prioritize Needs
- Multi-market appeal (i.e. non-native).
- Leverage funding resources.
- Innovative donor strategies (tech-based).
- Establish clear profit motive.
- Take advantage of non-profit/tribal status if competing in the mainstream.
- Developing relationships with corporations.
- Find sponsor that supports similar services.
- Look for ways to get items/services for free (internships, ETC.),

“welfare to work”.

- Write for new grants.
- Apply to United Way.

Recipient SUGGESTIONS ON PREVENTING AND OVERCOMING CHALLENGES

STAFF TURNOVER

- Provide competitive salaries and benefits.
- Provide culturally appropriate job training.
- Clearly define the roles and responsibilities of each position.
- Hire qualified people with expertise in the position.
- Provide cross training for staff in the event staff turnover occurs.
- If a staff person leaves, consider bringing on a consultant or contractor to temporarily fill the vacant position.

LATE START

- Research your tribes’ hiring procedures during the project planning stage. Some tribes require a position to be open for at least 45 days before a hiring decision may be made.
- Familiarize yourself with the project and OWP so you can hit the ground running.
- Begin marketing the project as soon as possible to make people aware of it.
- Maintain communication with ANA to avoid or manage any delays in start-up processes.

SCOPE TOO AMBITIOUS

- Use the OWP as a guide and step-by-step means of implementing your project.
- Focus on accomplishing one thing at a time – break the project down into manageable pieces.
- Recruit volunteers to help out with the project’s implementation.
- Delegate work evenly amongst project staff and according to areas of expertise.
- Collaborate with your partners to see if you can lessen your workload sometimes a partner may already be implementing similar activities and you can simply work with them rather than reinventing the wheel this will ENSURE THERE IS NO DUPLICATION OF EFFORT.
- Use all resources available to you.

GEOGRAPHIC ISOLATION / TRAVEL

- Plan ahead – complete activities with the weather/seasons in mind.
- Use local resources (consultants, volunteers, etc.).
- Provide incentives such as gas cards if you are having difficulties with participation due to travel distances.
- Provide transportation to project participants.

LACK OF EXPERTISE

- Research other resources that may be able to provide staff training or volunteer to work on the project.
- Take the time to train your staff, it will save you time in the long run.
- Cross-train your staff with other departments or agencies.
- Utilize your partnerships for capacity-building.

CHALLENGES WITH ANA PROCESSES

- Maintain contact with your Program Specialist.
- Contact your Program Specialist as soon as you begin experiencing any difficulties.
- Be patient and anticipate that ANA processes can take a long time (the average grant action takes 3 months).
- Work on what you can while waiting for confirmation.

UNDERESTIMATED PROJECT COST

- Leverage as many resources as you can through partnerships and available resources.
- See if there is another department, organization, or partner willing to share costs.
- Market your project as much as possible, which will help attract leveraged resources and project support – remember, word of mouth is free!

UNDERESTIMATED PERSONNEL NEEDS

- Find volunteers to work on your project.
- Use summer interns and students.
- Delegate project tasks as evenly as possible amongst your staff and maintain open communication to ensure Your staff can handle the

extra workload.

- Build a partnership with the AmeriCorps, as they provide volunteers to fit an organization's needs.

PARTNERSHIP FELL THROUGH

- Immediately begin research for finding a replacement based on what that partner was bringing to the project.
- Use existing resources to make up for the loss.
- Look at alternative options for implementing your project without changing the project scope.
- Plan ahead and do not design a project that relies heavily on one specific partnership.

LACK OF COMMUNITY SUPPORT

- Rely on the community to help develop the project idea – involving people in the planning process will lead to their participation in the project's implementation.
- Provide incentives for meetings, trainings, and workshops.
- Create an atmosphere of communication and collaboration with the community.
- Market your project as much as possible, especially at social events.
- Conduct active marketing techniques such as face-to-face visits, phone calls, community meetings, etc.

HIRING DELAYS

- Provide competitive salaries and benefits.
- Begin marketing the project as soon and as much as possible to increase awareness.
- Have other staff fill in during the hiring process.
- If possible, work on other aspects of the project while waiting for new hires.
- Seek advice and support from your governing board or council.
- If you will be hiring project staff with very specific qualifications, research the local talent pool to see if candidates exist.
- Research your tribe's hiring procedures during the project planning stage. Some tribes require a position to be open for at least 45 days before a hiring decision may be made.

APPENDIX 4

GRANT AMENDMENT EXAMPLES

BUDGET REVISION INSTRUCTIONS

Recipients generally have some flexibility to re-budget within and between budget categories (25% of the budget total) to meet unanticipated needs and to make other post-award changes. Once you have received approval from your Program Specialist to submit a Budget Revision, refer to the table below and the examples that follow to prepare the amendment to be submitted in GrantSolutions.

GRANTSOLUTIONS PLACEHOLDER	EXPLANATION
INSTRUCTIONS	An information-only document that provides these instructions for preparing the amendment.
SF- 424A	Both of the 424 forms are on-line forms which you can open and fill out directly in GrantSolutions. You will have the ability to Save and come back to it. Begin by filling out the 424A, which will pre-populate some of the data in the 424 form. You also have the option of uploading the completed form. *Note: Make sure to break out both the Federal and Non-Federal amount in section B, in separate columns. If you complete the 424A in the on-line form as shown in the attached example, it will create the two columns.
SF- 424	The 424 is another online form that you should open and complete in GrantSolutions. As with the 424A, you can upload a completed form.
COVER LETTER UPLOAD	This is the placeholder to attach a letter clearly summarizing the purpose of the budget revision. This letter should be on company or tribal letterhead, signed by your authorizing official, scanned, and attached.

GRANTSOLUTIONS PLACEHOLDER	EXPLANATION
SF-425 UPLOAD	Attach your most recent SF-425 here; however, if you do not have a recent SF-425 you can download the form from Grants.gov and upload the completed form.
PROJECT NARRATIVE	If you have already provided a clear rationale for the budget revision in your Cover Letter, you do not need to upload anything here. If not, include a description of the project status and why a budget modification is necessary and how the budget will be reallocated.
BUDGET NARRATIVE UPLOAD	The Budget Narrative Upload section is the place for you to attach your completed line-item budget (Federal and Non-Federal) and a budget justification. The budget justification should clearly show and describe the budget changes to justify the proposed costs.
MISCELLANEOUS INFORMATION	If you are revising your budget due to a change in your Indirect Cost Rate, attach a copy of your new indirect agreement here. You may also use this placeholder to upload any additional information, for example, cost quotes or consultant contract, that would help in processing your amendment.

Once you have completed each of the components in the application, you are ready to submit the application for review. Please note that a request for a budget revision does not have an automatic approval attached to it. You must receive a signed Notice of Grant Award from ACF before you can proceed with implementation of your request. If you do not hear from OGM, please do not assume that your request has been approved.

Note: The following example does not include a Project Narrative. The information is included in the sample Cover Letter.

RE: ANA Grant 90NA0000

Dear Ms. Deer:

I am requesting that we be allowed to modify the budget line items in the Indigenous Community Council's project; Traditional Foods for Healthy Eating, ANA grant 90NA0000. This modification reflects changes resulting from our decreased 2021 IDC rate and a reduction in our Fringe costs.

Our approved 2021 IDC rate of 16.98% is a decrease from the 2019 IDC rate of 17.40%. In addition, both the Project Coordinator and the Community Dietician have opted out of the health insurance provided by ICC and are on alternate plans. This resulted in a reduction of our fringe rate from the 42%, estimated at the time the grant application was submitted, to 29.36%, effective January 1, 2021.

We are submitting forms 424 and 424A with the line item revisions, a revised line item budget with justification and the signed Indigenous Community Council 2021 Indirect Cost Rate Agreement along with this letter.

If you have any questions concerning this, please contact John Smith, project contact at 777-777-7772 or email at JSmith@indigenouscommunity.org.

Respectfully;

Ellen Shows

Indirect Cost Negotiation Agreement

EIN: 11-1111111

Organization: Indigenou Community Council
1000 Lake St
Generic City, OK 00000

Date: February 24, 2020

Report No(s): 00-A-0000

Filing Ref.:
Last Negotiation Agreement
dated June 7, 2019

The indirect cost rate contained herein is for use on grants, contracts, and other agreements with the Federal Government to which Public Law 93-638 and 2 CFR 225 (OMB Circular A-87) apply, subject to the limitations contained in 25 CFR 900 and in Section II.A. of this agreement. The rate was negotiated by the U.S. Department of the Interior, Interior Business Center, and the subject organization in accordance with the authority contained in 2 CFR 225.

Section I: Rate

Type	Effective Period		Rate*	Locations	Applicable To
	From	To			
Fixed Carryforward	01/01/20	12/31/20	16.98%		All Programs

*Base: Total direct costs, less capital expenditures and passthrough funds. Passthrough funds are normally defined as major subcontracts, payments to participants, stipends to eligible recipients, and subgrants, all of which normally require minimal administrative effort.

Treatment of fringe benefits: Fringe benefits applicable to direct salaries and wages are treated as direct costs; fringe benefits applicable to indirect salaries and wages are treated as indirect costs.

Section II: General

Page 1 of 3

A. Limitations : Use of the rate contained in this agreement is subject to any applicable statutory limitations. Acceptance of the rate agreed to herein is predicated upon these conditions: (1) no costs other than those incurred by the subject organization were included in its indirect cost rate proposal, (2) all such costs are the legal obligations of the grantee/contractor, (3) similar types of costs have been accorded consistent treatment, and (4) the same costs that have been treated as indirect costs have not been claimed as direct costs (for example, supplies can be charged directly to a program or activity as long as these costs are not part of the supply costs included in the indirect cost pool for central administration).

B. Audit : All costs (direct and indirect, federal and non-federal) are subject to audit. Adjustments to amounts resulting from audit of the cost allocation plan or indirect cost rate proposal upon which the negotiation of this agreement was based will be compensated for in a subsequent negotiation agreement.

C. Changes: The rate contained in this agreement is based on the organizational structure and the accounting system in effect at the time the proposal was submitted. Changes in organizational structure, or changes in the method of accounting for costs that affect the amount of reimbursement resulting from use of the rate in this agreement, require the prior approval of the responsible negotiation agency. Failure to obtain such approval may result in subsequent audit disallowance.

D.

1. Fixed Carry Forward Rate: The fixed carryforward rate is based on an estimate of costs that will be incurred during the period for which the rate applies. When the actual costs for such period have been determined, an adjustment will be made to the rate for a future period, if necessary, to compensate for the difference between the costs used to establish the fixed rate and the actual costs.

2. Provisional/Final Rate: Within 6 months after year end, the final rate must be submitted based on actual costs. Billings and charges to contracts and grants must be adjusted if the final rate varies from the provisional rate. If the final rate is greater than the provisional rate and there are no funds available to cover the additional indirect costs, the organization may not recover all indirect costs. Conversely, if the final rate is less than the provisional rate, the organization will be required to pay back the difference to the funding agency.

E. Agency Notification: Copies of this document may be provided to other federal offices as a means of notifying them of the agreement contained herein.

F. Record Keeping: Organizations must maintain accounting records that demonstrate that each type of cost has been treated consistently either as a direct cost or an indirect cost. Records pertaining to the costs of program administration, such as salaries, travel, and related costs, should be kept on an annual basis.

G. Reimbursement Ceilings: Grantee/contractor program agreements providing for ceilings on indirect cost rates or reimbursement amounts are subject to the ceilings stipulated in the contract or grant agreements. If the ceiling rate is higher than the negotiated rate in Section I of this agreement, the negotiated rate will be used to determine the maximum allowable indirect cost.

H. Use of Other Rates: If any federal programs are reimbursing indirect costs to this grantee/contractor by a measure other than the approved rate in this agreement, the grantee/contractor should credit such costs to the affected programs, and the approved rate should be used to identify the maximum amount of indirect cost allocable to these programs.

I. Central Service Costs: Where central service costs are estimated for the calculation of indirect cost rates, adjustments will be made to reflect the difference between provisional and final amounts.

J. Other:

1. The purpose of an indirect cost rate is to facilitate the allocation and billing of indirect costs. Approval of the indirect cost rate does not mean that an organization can recover more than the actual costs of a particular program or activity.

2. Programs received or initiated by the organization subsequent to the negotiation of this agreement are subject to the approved indirect cost rate if the programs receive administrative support from the indirect cost pool. It should be noted that this could result in an adjustment to a future rate.

3. New indirect cost proposals are necessary to obtain approved indirect cost rates for future fiscal or calendar years. The proposals are due in our office 6 months prior to the beginning of the year to which the proposed rates will apply.

CARRYOVER BUDGET (COB) REQUEST

RECIPIENTS WITH MULTI-YEAR GRANTS MAY REQUEST A CARRYOVER OF FUNDS FROM ONE YEAR TO THE NEXT IF THE FUNDS THEY ARE CARRYING OVER ARE FOR PROJECT ACTIVITIES THAT WERE NOT COMPLETED DURING THE PREVIOUS BUDGET PERIOD. ONCE YOU HAVE RECEIVED APPROVAL FROM YOUR PROGRAM SPECIALIST TO SUBMIT A CARRYOVER REQUEST, REFER TO THE TABLE BELOW AND THE EXAMPLES THAT FOLLOW TO PREPARE THE AMENDMENT TO BE SUBMITTED IN GRANTSOLUTIONS.

GRANTSOLUTIONS PLACEHOLDER	EXPLANATION
Instructions	An information-only document that provides instructions for preparing the amendment.
SF- 424A	Both of the 424 forms are on-line forms which you can open and fill out directly in GrantSolutions. You will have the ability to Save and come back to it. Begin by filling out the 424A, which will pre-populate some of the data in the 424 form. You also have the option of uploading a completed form instead of filling out the form on-line. *Note: Make sure to break out both the Federal and Non-Federal amount in section B, in separate columns. If you complete the 424A as shown in the attached example, it should automatically create the two columns.
SF- 424	The 424 is another online form that you should open and complete in GrantSolutions. As with the 424A, you can alternately upload a completed form. Be sure to mark Revision in 2. Type of Application.
COVER LETTER UPLOAD	This is the placeholder to attach a letter clearly summarizing the purpose of the request. It should include information on the progress of the project, all activities that were not completed on time, and how they will be completed during the current project year. This letter should be on company or tribal letterhead, signed by your authorizing official, scanned, and attached.

GRANTSOLUTIONS PLACEHOLDER	EXPLANATION
SF-425 UPLOAD	Attach your most recent SF-425 here; however, if you do not have a recent SF-425 you can download the form from Grants.gov and upload the completed form.
BUDGET NARRATIVE UPLOAD	This placeholder is used to attach your completed line-item budget (Federal and Non-Federal) and a budget justification. The line-item budget should clearly show the line items to be revised by the carryover amounts while the budget justification should explain how the carryover amounts will be used.
MISCELLANEOUS INFORMATION	Upload an OWP for each applicable objective that shows the incomplete activities and their new completion dates. If there is any additional information that would help in processing your amendment, for example, indirect cost rate agreements, vendor quotes, or consultant contracts, attach them here.

Please note that a Carryover Budget (COB) request does not have an automatic approval attached to it. You must receive a signed Notice of Grant Award from ACF before you can proceed with implementation of your request. If you do not hear from ogm, please do not assume that your request has been approved.

Tim Chappelle

Grants Management Specialist

Office of Grants Management

Mary E. Switzer Memorial Building 330 C Street, SW

Washington, DC 20201

Dear Mr. Chappelle,

This letter is a request for Carry Over Balance for our ANA Native American Language Maintenance Grant project in the amount of \$6,728.25, from the budget period ending June 30, 2021, to the budget period ending June 30, 2021. The amount requested is the amount stated on the final SF-425.

The Carry Over Balance will be used to hold Curriculum Design Team Meetings and Community Feedback Sessions that were not held in project year two. These meetings were scheduled to provide feedback and final reviews of the Native Language Curriculum drafted for the completion of Objective 1 of our project.

Objective 1: Develop and produce curriculum, materials, and activities for teaching Native Language Content Standards in four language learner proficiency levels to be used within NT Pre-K and Elementary schools) by developing and approving themed curriculum units for five standards content areas in four language learner proficiency levels (20 total) by the end of the 24th month;

2) by developing or adapting and producing receptive, productive, and interactive language learning resources, for five standards content areas in 4 language learner proficiency levels (60 total) by the end of the 36th month.

The following is a list of incomplete activities from the prior budget period that correspond with these meetings and community feedback sessions.

Incomplete Activities:

- Obj. 1 Activity 2: Conduct Six Curriculum Design Team Meetings (three of the six were not completed)
- Obj. 1 Activity 4: Evaluate & Revise Curriculum Modules (No community meetings were held)

At the beginning of the 3rd quarter of project year two, the New Tribal Schools System called for an early implementation of the curriculum. This required our project staff to finalize two months' worth of curriculum materials before the end of quarter three, and then provide support for the implementation of the curriculum during the first two months of quarter four. As a result, there was a delay in curriculum activity drafting that was to be completed before the end of quarter four, and no community-based Curriculum Design Team meetings were held for two quarters. Additionally, we were unable to get broad based community feedback on the curriculum. It was only reviewed with project staff and the project evaluator, and presented briefly to a small segment of parents. Because we have not had a forum for community review or approval outside of the school system we recommend for six community review sessions to occur before the end of the grant project, one in each community with a school that is being served by this grant project.

Upon approval of this Carry Over Balance request, our project staff will schedule the required meetings to be held in the months of April, May and June of this grant project year, or Quarter 4 - as described in the attached Objective Work Plan.

Attached is the 424, 424a, detailed budget, budget justification and SF-425 showing the un-obligated amount. The corresponding 20% match for the Carry Over Balance, equal to \$1,682.06, was met during the 2019-2021 budget period (see attached SF-425). Your attention to this request is greatly appreciated.

Sincerely,

BUDGET JUSTIFICATION

OTHER

Trainings and Meetings \$4,745.76

Request an average of \$593.22 per meeting for a total of 8 meetings to total \$4,745.76. Budget will be used to cover facilities, food, and materials as needed including copies of curriculum materials for review. Two meetings will be held for curriculum design and six meetings will be held for community feedback.

Two Curriculum Design Team retreats

These meetings will differ from the Design Team meetings scheduled in Year Three in that they will require the attendance of The NTLIC board as well as Department of Schools staff so that suggestions for revisions and final decisions on content can be confirmed. One meeting will be scheduled in May for a revision review, and one meeting will be held in June for a final approval review. The invited attendees will include five NTLIC Board Members, six Native Language Instructor candidates, six community members, two Department of Schools staff members, and four project staff members.

Six Community Feedback sessions

The community feedback sessions will be held in each of the six tribal communities where the Tribal elementary schools are located. The following community members will be invited to attend: One Native Language Instructor candidate, five project staff members, two Department of Schools staff, and fifteen community members.

Local Travel \$993.60

Local travel funds, up to 12 miles, will be available for non-project staff members invited to attend the above meetings in the communities. This is estimated to be a minimum of 144 total meeting participants. $144\text{ppl} \times 12 \text{ miles} \times \$0.575/\text{mile} = \$993.60$.

Total Direct Charges \$5,739.36

Indirect Charge \$988.89

Total Indirect Charges are 17.23% of total Direct Charges.

Non-Federal Share \$1,682.06

NON FEDERAL SHARE WAS MET IN YEAR 2 TOTALING MORE THAN THE \$1,682.06 REQUIRED FOR THE REQUESTED CARRY OVER BALANCE (SEE ATTACHED SF 425 FFR FOR 2019-2021 ANNUAL REPORT). A TOTAL OF \$83,158.93 IN NFS WAS ACQUIRED IN YEAR 2, EXCEEDING THE REQUIRED NFS AMOUNT OF \$73,428.18 BY \$9,730.75.

TOTAL FEDERAL CARRY OVER REQUEST \$6,728.25

Objective Work Plan (OWP)

Project Title: Native Language Teaching Standards

Project Goal: To build a larger cadre of material and human resources all working in conjunction to support the increase of language learning opportunities that will increase Native language learner proficiencies in the state.

Project Year: 2 (Activities to be completed in Year 3)

Objective #1: Develop and produce curriculum, materials, and activities for teaching Native Language Content Standards in four language learner proficiency levels to be used within NT Pre-K and Elementary schools: 1) by developing and approving themed curriculum units for five standards content areas in four language learner proficiency levels (20 total) by the end of the 24th month; 2) by developing or adapting and producing receptive, productive, and interactive language learning resources, for five standards content areas in 4 language learner proficiency levels (60 total) by the end of the 36th month.

Outcome: Increased capacity to implement a language program

Standard Form 425

NON-COMPETING CONTINUATION (NCC)

The Non-Competing Continuation (NCC) is an abbreviated version of the original grant application that recipients must complete to receive their next year of funding. Due to the annual congressional appropriations cycle, ANA approves multi-year projects, but only funds projects for one year at a time. Thus, recipients must submit a non-competing continuation application to ANA for their next year’s funding. Once you have received approval from you Program Specialist to start your NCC application, refer to the table below and the sample NCC application.

GRANTSOLUTIONS PLACEHOLDER	EXPLANATION
INSTRUCTIONS	An information-only document that provides these instructions for preparing the NCC. Once you begin your NCC application kit in GrantSolutions, you will need to download forms from Grants.gov. The following link includes many of the forms you will be required to upload for the NCC application: https://www.grants.gov/web/grants/forms/sf-424-family.html
SF- 424 APPLICATION FOR FEDERAL ASSISTANCE	The 424 is an online form that you will have the option to complete online in GrantSolutions. For “18. Estimated Funding” be sure to enter the Federal and Non-Federal amounts you are requesting in your upcoming project year. (E.g., if you are in year 1 applying for year 2 funding, enter the Federal and Non-Federal amounts you requested in your year 2 budget.)
SF- 424A BUDGET INFORMATION	The 424A is also an online form. You will have the ability to Save and come back to it. Make sure to break out both the Federal and Non-Federal amount in section B, in separate columns. If you complete the online 424A form as shown in the attached example, it will create the two columns automatically. Note that you also have the option of uploading the completed form.
SF-424B ASSURANCES - NON-CONSTRUCTION	The 424B is another online form that you should open and complete in GrantSolutions. Make sure that the AOR signs this form unless another staff person has written approval to do so.

COVER LETTER UPLOAD	Please upload a Cover Letter on tribal or organizational letterhead that states the year of funding you are applying for and notes any pertinent contents of the NCC application. This letter can be signed by the PI/PD or the AOR.
BUDGET NARRATIVE AND LINE ITEM BUDGET UPLOAD	The Budget Narrative Upload section is the place for you to attach your completed Budget (Federal and Non-Federal) Narrative, to include a budget with the line-item detail and narrative to justify the proposed costs. If you need to do a budget revision for the upcoming year please do this as part of your NCC application, but be sure to discuss this with your Program Specialist.
PROJECT NARRATIVE UPLOAD	The Project Narrative Upload section is the place for you to attach a brief (1-5 page) narrative on how your project has progressed and what you plan to accomplish in your upcoming year. You can include successes, challenges, delays, lessons learned, and how these will inform your coming year. If you have already included this information in the Cover Letter, then an additional Project Narrative is not necessary.
INDIRECT COST RATE AGREEMENT UPLOAD (IF APPLICABLE)	The Indirect Cost Rate Agreement Upload section is the place for you to attach your current indirect cost rate agreement. If your agreement has expired, please include you most recent agreement.
PROJECT PERFORMANCE SITE LOCATION FORM - UPLOAD	Complete the Project Performance Site Location Form and attach in this section. This form can be found on the Grants.gov link that is provided above.
CERTIFICATION REGARDING LOBBYING - UPLOAD	Complete the Certification Regarding Lobbying Form and attach in this section. This form can be found on the grants.gov link that is provided above. Make sure this form is signed by the AOR.
LOBBY DISCLOSURE FORM UPLOAD (IF APPLICABLE)	If your organization or tribe is engaged in lobbying, please complete the lobbying disclosure form and upload it here.

COOPERATIVE AGREEMENT UPLOAD (IF APPLICABLE)	If your project has a cooperative agreement with ANA, please upload your signed cooperative agreement for the coming year. (This only applies for special project types such as I-LEAD or NLCC).
CERTIFICATION REGARDING MAINTENANCE OF EFFORT	Please upload a Certification Regarding Maintenance of Effort Form here. Make sure this is signed by the AOR.
MISCELLANEOUS INFORMATION	Please use this section to upload any additional documents that you would like to provide with your NCC application. This not mandatory, but if you have annual reports or other documents that are relevant to your NCC, this is where you can attach such documents.

Project Narrative *ANA Grant # 90NL0000 - March 29, 2020*

Re-establishing our Native Language

As of the last report, project staff attended the Annual ANA Grantees Meeting in Washington, D.C. While attending the grantees meeting, the Language Specialist and Language Specialist Assistant networked with other language program personnel to gauge the effectiveness of curriculum materials used in those programs. The language staff also shared ideas and challenges in order to better develop project material.

The project staff hosted the FFIC Elder Advisory Committee meeting at the Northern Frozen Lake Visitors Center. This meeting included elders and other language professionals from FFIC's various communities. The meeting covered the status of the language project, elicited feedback for initial draft of materials, provided an opportunity for ideas that should be incorporated into the activity booklets, and further nurtured the partnership with the Northern Frozen Lakes Visitor Center.

The Language Specialist Assistant developed workbook activities to include: species identification, mathematical reasoning, weather terminology, winter safety, Human Anatomy labeling, word puzzles, and image-based sentence building. The activities developed to date have been tested with the Native Language class at Northern Frostbite Falls University. The Language Specialist met with the Director of the newly created language department at the Lake City tribal community to test material and garner further input on the activities. The Language Specialist developed a 30 panel children story that uses monolingual narration to depict the winter harvesting activities of rabbit snaring and spearing fish through the ice. Language staff have been working with first-speaker Roy Royer to ensure proper language use in the materials. A teachers' edition is also being developed to include more complex language and phrasing for interpersonal interaction between teachers and students.

Project staff have developed an additional partnership with Northland College, in order to use a radio studio to record audio for use on the FFIC Language Department website. The Language Specialist and Northland College hosted a traditional winter storytelling event open to students and the surrounding community to promote language and culture.

The Interactive Media Web Designer has undergone various online training via Peabody.com and Articulate Online Learning Community to enhance website building skill set. Seven activities focusing on Animal Identification, Numbers, Colors, Weather, and Winter Harvesting are in the process of being completed for inclusion on the website. The Interactive Media Web Designer has been working closely with language staff to ensure appropriate language usage. The web designer has also worked with the Language Specialist to develop animations, characters, and images for use in the activities.

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
7. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally-assisted construction subagreements.
10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.
15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.
16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
19. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

Date: February 24, 2020

Report No(s): 00-A-0000

Filing Ref.:
Last Negotiation Agreement
dated June 7, 2019

The indirect cost rate contained herein is for use on grants, contracts, and other agreements with the Federal Government to which Public Law 93-638 and 2 CFR 225 (OMB Circular A-87) apply, subject to the limitations contained in 25 CFR 900 and in Section II.A. of this agreement. The rate was negotiated by the U.S. Department of the Interior, Interior Business Center, and the subject organization in accordance with the authority contained in 2 CFR 225.

Section I: Rate

Type	Effective Period		Rate*	Applicable	
	From	To		Locations	To
Fixed Carryforward	01/01/20	12/31/20	17.08%	All	All Programs

*Base: Total direct costs, less capital expenditures and passthrough funds. Passthrough funds are normally defined as major subcontracts, payments to participants, stipends to eligible recipients, and subgrants, all of which normally require minimal administrative effort.

Treatment of fringe benefits: Fringe benefits applicable to direct salaries and wages are treated as direct costs; fringe benefits applicable to indirect salaries and wages are treated as indirect costs.

Section II: General

Page 1 of 3

A. Limitations: Use of the rate contained in this agreement is subject to any applicable statutory limitations. Acceptance of the rate agreed to herein is predicated upon these conditions: (1) no costs other than those incurred by the subject organization were included in its indirect cost rate proposal, (2) all such costs are the legal obligations of the grantee/contractor, (3) similar types of costs have been accorded consistent treatment, and (4) the same costs that have been treated as indirect costs have not been claimed as direct costs (for example, supplies can be charged directly to a program or activity as long as these costs are not part of the supply costs included in the indirect cost pool for central administration).

B. Audit : All costs (direct and indirect, federal and non-federal) are subject to audit. Adjustments to amounts resulting from audit of the cost allocation plan or indirect cost rate proposal upon which the negotiation of this agreement was based will be compensated for in a subsequent negotiation agreement.

C. Changes: The rate contained in this agreement is based on the organizational structure and the accounting system in effect at the time the proposal was submitted. Changes in organizational structure, or changes in the method of accounting for costs that affect the amount of reimbursement resulting from use of the rate in this agreement, require the prior approval of the responsible negotiation agency. Failure to obtain such approval may result in subsequent audit disallowance.

D.

1. Fixed Carry Forward Rate: The fixed carryforward rate is based on an estimate of costs that will be incurred during the period for which the rate applies. When the actual costs for such period have been determined, an adjustment will be made to the rate for a future period, if necessary, to compensate for the difference between the costs used to establish the fixed rate and the actual costs.

2. Provisional/Final Rate: Within 6 months after year end, the final rate must be submitted based on actual costs. Billings and charges to contracts and grants must be adjusted if the final rate varies from the provisional rate. If the final rate is greater than the provisional rate and there are no funds available to cover the additional indirect costs, the organization may not recover all indirect costs. Conversely, if the final rate is less than the provisional rate, the organization will be required to pay back the difference to the funding agency.

E. Agency Notification: Copies of this document may be provided to other federal offices as a means of notifying them of the agreement contained herein.

F. Record Keeping: Organizations must maintain accounting records that demonstrate that each type of cost has been treated consistently either as a direct cost or an indirect cost. Records pertaining to the costs of program administration, such as salaries, travel, and related costs, should be kept on an annual basis.

G. Reimbursement Ceilings: Grantee/contractor program agreements providing for ceilings on indirect cost rates or reimbursement amounts are subject to the ceilings stipulated in the contract or grant agreements. If the ceiling rate is higher than the negotiated rate in Section I of this agreement, the negotiated rate will be used to determine the maximum allowable indirect cost.

H. Use of Other Rates: If any federal programs are reimbursing indirect costs to this grantee/contractor by a measure other than the approved rate in this agreement, the grantee/contractor should credit such costs to the affected programs, and the approved rate should be used to identify the maximum amount of indirect cost allocable to these programs.

I. Central Service Costs: Where central service costs are estimated for the calculation of indirect cost rates, adjustments will be made to reflect the difference between provisional and final amounts.

J. Other:

1. The purpose of an indirect cost rate is to facilitate the allocation and billing of indirect costs. Approval of the indirect cost rate does not mean that an organization can recover more than the actual costs of a particular program or activity.

2. Programs received or initiated by the organization subsequent to the negotiation of this agreement are subject to the approved indirect cost rate if the programs receive administrative support from the indirect cost pool. It should be noted that this could result in an adjustment to a future rate.

3. New indirect cost proposals are necessary to obtain approved indirect cost rates for future fiscal or calendar years. The proposals are due in our office 6 months prior to the beginning of the year to which the proposed rates will apply.

NO COST EXTENSION INSTRUCTIONS

NA expects recipients to complete their projects within the approved timeframe; however, sometimes unforeseen circumstances arise delaying a project's completion. A No Cost Extension allows a recipient that has incomplete activities and unspent funds to extend their project by up to one year to complete their project. Once you have notified and received approval from your Program Specialist of your need for a No Cost Extension, refer to the table below and the examples that follow to prepare the amendment to be submitted in GrantSolutions.

GRANTSOLUTIONS PLACEHOLDER	EXPLANATION
Instructions	An information-only document that provides instructions for preparing the amendment.
SF- 424A	Both of the 424 forms are online forms which you can open and fill out directly in GrantSolutions. You will have the ability to Save and come back to it. Begin by filling out the 424A, which will pre-populate some of the data in the 424 form. You also have the option of uploading a completed form in the Miscellaneous Information placeholder instead of filling out the form online. *Note: Make sure to break out both the Federal and Non-Federal amount in section B, in separate columns. If you complete the 424A as shown in the attached example, it should create the two columns.
SF- 424	The 424 is another online form that you should open and complete in GrantSolutions. Be sure to mark Revision in 2. Type of Application. As with the 424A, you can alternately upload a completed form in the Miscellaneous Information placeholder.
SF-425 Upload	Attach your most recent SF-425 here for the last budget period; however, if you do not have a recent SF-425 you can download the form from Grants.gov and upload the completed form.
Miscellaneous Information	Upload a Cover Letter on company or tribal letterhead that describes the rationale for the amendment and lists the incomplete activities and their anticipated completion dates. This letter should be signed by your authorizing official. Also upload an updated OWP that shows the incomplete activities and their new completion dates. If there are changes that need to be made to the budget, attach a revised line-item budget and budget justification.

Please note that you must receive a signed Notice of Grant Award from ACF before you can proceed with implementation of your request. If you do not hear from OGM, please do not assume that your request has been approved.

RE: Grant 90NA0000

Dear Ms. Smith:

Tribal Nation Development (TND) is requesting a No Cost Extension to our "Diversifying Tribal Nation Farm" project until September 29, 2021. In response to the COVID-19 pandemic, the project was closed from 3/18/20 until 6/15/20.

Due to the closure, we were unable to offer the on-the-job training component of the project for the Farm Trainees that was scheduled to start on 4/01/20. Travel restrictions that TND implemented as a safety precaution have also prevented staff from attending training opportunities during this time.

We are requesting a No Cost Extension to pay wages for the Farm Trainees to complete the harvest and for our staff to attend trainings that will enhance their capabilities in diversification of farm operations and workforce development. In preparing this request we have factored in potential travel restrictions and training schedules being impacted by COVID-19 into 2021 which is why we are estimating one year to complete activities. We are also looking at virtual trainings that are being offered in lieu of traveling to trainings. We have attached a revised OWP indicating the incomplete activities and expected dates for completion.

Your consideration of this request is appreciated. If you have any questions, please contact Cathy Jones at cjones@tnd.com.

Sincerely,

Cathy Jones
Project Director

Re: Grant #90NL0000

Dear Ms. Deer,

I am writing to notify you that Mike Smith, Indigenous Community Council (ICC) Language Project Director, resigned from his position with ICC effective May 23, 2020. Upon receipt of his resignation, the ICC Board of Directors moved quickly to replace him with only three months remaining before the opening of our school in late August, 2020.

We were very fortunate to recruit Tim Jones to serve as ICC's New Director. Tim is a retired Native educator who worked many years with the Minneapolis Public Schools as a teacher, school principal, and most recently, as Director of Indian Education for the school district. His resume is being submitted with the letter. Tim is highly respected both within the broader education community as well as the American Indian community.

Tim's complete contact information appears below:

PROFESSIONAL EXPERIENCE

Director of Education GCA High School

2017 to 2020

Ultimately in charge of all school operations, compliance, and personnel.

Teacher Nawayee Center School

2014 to 2017

I am teaching Social Studies courses including Tribal Economics, Beginning Ojibwe Language and Culture, American History from a Native Perspective, and Native American Music. I am a Teacher Mentor and a member of the Leadership Team at the school. I also have an independent contract with the school to assist the school in restructuring.

Independent Consultant,

2010 to Present

I am currently working on an independent contract with Generic City Public Schools helping them to develop an Indian Education Department, working with parents and students. I recently finished a project interviewing teachers of Native American students who have demonstrated success in teaching Native students. This research was done in the "spirit" of Appreciative Inquiry and Action Research for use on the Phillips Indian Educators Web site. It is based on the assumption that dialogue among effective educators is the first, and most important, key to educational reform. Results can be found at peducators.com under "Wisdom" then "Writings and Articles", titled "Indigenous Education: What Works with Native Youth". I am also interviewed on the site. This can be found under "Conversation with Indigenous Elders".

Interim Director of Indian Education, Generic City, ST

2008 to 2009

Director – Restructured Indian Education Department and worked to actualize the "Memorandum of Agreement", a document between the Generic City Public School Board and the Generic City Native American Community.

Principal Generic City Public Schools

1992 to 2007

Was a principal at three of the district's seven high schools, South High School, Roosevelt High School, and Henry High School. In each case I faced the task of restructuring a major program or function of the school. These varied from budgetary to disciplinary to academic restructuring. I was also asked to "fresh start" an elementary school then called "Four Winds"

now called “Anishinabe Academy”. In each case I mentored an administrator to take over the principal role. In each case, the administrator became a very successful principal. All of these schools are presently operating successfully.

B. STAFFING AND HUMAN RESOURCES

1. Do you have any current vacancies that are associated with this project? Yes No

1.a. If Yes, please list positions that are vacant or were vacant as of 30 days prior to the end of this reporting period. Include reasons for vacancies and actions taken or to be taken to fill vacant positions.

2. Did you have any changes or turnover in project staff, consultants, or contractors during this reporting period? Yes No

2.a. If Yes, please list affected positions, explain the reason for the change, how long the position has been open, and if the position has been filled:

3. Project Funded Staffing

Please list, in the following table, all project positions required for the project and currently filled. NOTE: This will be for staff funded from the federal or non-federal budget either from staffing, consultants, or other.

Position Title	Position Type (dropdown menu)	Position Funding	Name of Individual	Filled by?	Date Job Filled	Avg. # Hours per Week	Date Job Ended (if applicable)	Did position exist before the project?	Will position continue after the project ends?

3a. Employment Obtained Through Project Activities

Please list, in the following table, all project positions obtained as a result of project activities such as job training, readiness, business creation, or expansion, etc. NOTE: These positions are not funded by the project's federal or non-federal funds.

Name of Individual	Position Title	Position Type (dropdown menu)	Industry (dropdown menu)	Filled by?	Date Job Filled	Avg. # Hours per Week	Salary	Date Job Ended (if applicable)	Did position exist before the project?	Will position continue after the project ends?

C. CHALLENGES

1. Did your project face any challenges during this reporting period? Yes No

1.a. If Yes, please describe your challenges in the table below:

Provide a description of the challenge.	Did you overcome the challenge?	If Yes, please state how you overcame the challenge. If no, please identify your plan to address this challenge.
	<input type="checkbox"/> Yes <input type="checkbox"/> No	

2. Would training or technical assistance benefit the project at this time? Yes No

2.a. Please describe the services you would like to receive.

D. FINANCIAL

1. Did you have trouble accessing funds through PMS during this reporting period? Yes No

1.a. If Yes, please explain the problem and if it was resolved:

2. Have any changes requiring prior approval been made to your budget during this reporting period? Yes No

2.a. If Yes, please explain:

3. Provide the forecasted cash needs for this reporting period (from the SF-424A) and the actual expenditures (from the SF-425)? Please list in the table below:

Q1:

Q2:

Q3:

Q4:

4. Do you anticipate obligating all of the Federal funds awarded for this budget period by the budget period's end? Yes No

If No, please explain:

5. Do you have any pending amendments with ANA? Yes No

6. Did your project generate any program income as a result of project activities? Yes No

6.a. If yes, how much was generated and from what source?

6.b. How will the program income be utilized to support the project?

E. OTHER

Please include any other information you would like to share with ANA regarding your project:

Please Note: Many of the questions in this form ask for a "total number" of people as well as a "new number." The total number refers to all of the people that participated in a particular activity, whereas the new number refers to the individuals that were participating in the project for the first time and had not been counted before. For example, if a total of six individuals completed training X, but two of those individuals had already completed previous training(s) during the project, then the number of new people that completed training X would be four.

F. IMPACT INDICATOR(S)

Your approved project impact indicator or indicators are identified below, as well as your pre-grant status (baseline measure), end-of-project target, 3-year target, and means of measurement.

Indicator	Baseline	Project Year 1 Target	Project Year 2 Target	Project Year 3 Target	Project Year 4 Target	End-of Project Target	3-Year Post-Project Target	Means of Measurement

1. For each impact indicator, please report on the actual change that has occurred so far. For example, if your impact indicator is the unemployment rate, list the actual unemployment rate at the end of the reporting period.

Indicator	Actual Change During Reporting Period

G. NATIVE YOUTH AND ELDER ENGAGEMENT

For each reporting period, please update the table below if any project activities occurred in which Native youth and Elders participated. This table should reflect only those activities occurring within the reporting period so that, by project's end, all activities that took place are reflected. Yes No

1. During this reporting period, did this project provide any opportunities or activities for Native youth and Elders?

1a. If yes, please complete the following table:

Title/Description of Activity	Total # of youth participating	# of New youth participating	Total # of Elders participating	# of New Elders participating

2. During this reporting period, did any of the above activities involving Elders and youth promote cultural preservation? Yes No

2a. If yes, please describe:

3. During this reporting period, has the project engaged youth in leadership development activities? Yes No

Project Year 2

Objective # 2								
<p>Please complete the tables below and include all objectives, results, benefits, activities and dates as they appear in your OWP. If you require more space, please add additional tables as necessary. In completing the 'Status of Activity' column please choose the status of the activity from the drop-down box below utilizing the following definitions:</p> <p><i>Completed (select if activity is complete)</i></p> <p><i>On-going (select only if activity is supposed to continue past this quarter according to the OWP)</i></p> <p><i>N/A this quarter (select if activity is scheduled to start after this current quarter)</i></p> <p><i>Delayed (select if activity is not completed by the originally anticipated end date and is still active)</i></p>								
Objective Statement:								
By the end of the 36-month project period, 85% of the 150 16-24 year old youth served (n=128) will successfully complete an average of 165 hrs of pathway specific training in either technology/new media or renewable energy fields in preparation for paid summer internships/apprenticeships								
	Activities	Describe how each activity was accomplished (or what prevented the activity from being completed). Include quantitative information (e. g. # of participants, workshops, etc).	Begin Date	End Date	Status of Activity (see instructions above)	Expected Completion Date	Output	Describe the status of each Output
1	Activity 1: Revise technology/new media and renewable energy pathway curricula, projects, field trips, and site visits for school year daytime and after school sessions based on review and recommendations from Year One	We experienced some staff turnover this reporting period and we also had to plan for virtual learning with the arrival of COVID-19. In October, our Green Jobs instructor John Smith resigned, so Sue Edwards led the Fall cohort using and adapting the existing curriculum. Linda Jones continued to lead the Social Media Marketing training. For the Winter cohort beginning in January, we had hired a new GJP instructor, Paul Williams, and he adapted the curriculum to fit more with his knowledge and expertise. The Spring cohort was scheduled to start in April, and in March, with the Shelter in Place orders put into effect, we began planning for making that a virtual experience using all online resources.	11/12/2019	11/30/2019	Completed		Revised curriculum and pathway training schedules/calendars	Lesson plans and curricula kept on google drive and in Google Classroom.

2	Activity 2: Meet with licensed instructors to ensure basic training curriculum preps year 2 youth for summer industry certificate training	Paul Williams went to visit ABC College and looked at their solar lab and discussed possible upcoming certificate programs with Continuing Education Manager Joan Simpson. February we met with Social Media Marketing instructor Jane North to debrief on last summer's experience and start planning for this coming summers Social Media Marketing Certificate class. There was no conclusive decision regarding a Solar Energy	12/03/2019	12/07/2019	Delayed	06/30/2020	Meeting note, industry- aligned curriculum	Meeting notes and instructor curriculum on file.
		certificate program, but we are moving ahead with the SMM Certificate. We did this last year and it is a pre-existing workforce certificate program that we are comfortable providing. Global College has a better Solar Lab but it is too far way and they are not that interested in providing a student experience for us, especially given our budget.						
3	Activity 3: Provide daytime and after school basic training in renewable energy technologies and technology/new media to Year 2 youth	Two cohorts were completed in Fall and Winter, 2019-2020. 9 participants completed in Quarter 1 and 14 in Quarter 2. We addressed many of the same challenges we always face, including attendance issues due to childcare, other employment, family obligations etc. We are usually pretty flexible in taking these into consideration and working with students to help them stay enrolled in the program if at all possible. We had a small cohort as we were transitioning some new staff and into a new building. All participants were given a pre and post test. Each participant also completed a successful community project, for the GJP program it was a recycling and composting plan for the office; for the SMM interns, it was producing social media projects for a number of clients including In the Heart of the Beast Theater and the American Indian Cancer Foundation. Future cohorts will take place in the Spring and Summer.	12/07/2019	06/14/2020	On-going		attendance records, pathway training schedules	Attendance records and timesheets filled out and filed for all participants.

4	Activity 4: Schedule and supervise a minimum of 6 field trips (3 per pathway) to technology/new media and renewable energy sites	There were three Field Trips during this period. On 2/4/20, we attended a tour of Mall of America's social media hub with three interns.
